## Late Shri Shaankar Sen, Founder-Chairman

The Man Who Shaped The Senco Brand

---

**“** You have to manifest your honesty in thought and behaviour. **”**

There are some whose influence endures long after they leave us, because they don't just build businesses, they create legacies. The Late Shri Shaankar Sen was one such man.

He was more than an industrialist; he was a visionary who turned a family-run business into a nationally respected name, the pulsing heart of the industry. For him, integrity wasn't a principle—it was a way of life marked by deep bonds and full transparency with customers, partners and employees.

Shaankar Sen led from the front, steering Senco through decades of change, helping the brand grow roots around the country. By introducing the franchise model, he led Senco's growth on a shared journey. His golden vision continues to shape who we are and where we go.

His legacy lives on in every piece we craft. This tribute is not just to a man who built a brand, but to the soul that still inspires it.

**The Golden Blend** theme logo captures passion as an explosive, radiant force — with design and technology reflected in the shimmer, movement, and precision of the form. The reversed 'S' subtly evokes 'Senco', symbolizing the brand's boldness, elegance, and constant evolution.

# Passion, Tech & Design

## The Golden Blend

At Senco Gold Limited, every piece of jewellery begins with an idea sparked by passion — a vision, a memory, a dream. That spark is shaped by artistic instinct, refined through generations of craftsmanship, and elevated by the invisible power of technology.

The result? Jewellery that transcends time. The Golden Blend brings these strands together — as a philosophy, a process, and a promise.

This is passion, *elevated*.  
This is technology, *humanised*.  
This is design, made *eternal*.  
This is *The Golden Blend*.

The Golden Blend is not just a theme for the year — it is the essence of who we are and how we create: timeless pieces for a modern world, forged at the intersection of soul, science, and style.

It is this harmony that will guide our journey forward.

# The Senco Story

Senco Gold Limited (Senco) has carved a distinct identity as one of Eastern India's largest and most trusted jewellery retailers, with a pan-India presence and a rich heritage rooted in artisanal craftsmanship. With a catalogue of over 1.88 lakh gold and 1.28 lakh diamond designs, and an average of 125 new designs added daily, Senco offers timeless elegance, exceptional range, and unmatched value.

Over the decades, we've grown from a single-location legacy to a network of 175 showrooms (103 company-operated and 72 franchisee)

across 17 states, serving customers in Tier-I, II, III and below towns. Our omni-channel presence integrates our physical showrooms with digital touchpoints like the MySenco app (5+ lakh users), websites, and virtual assistants, delivering a seamless shopping experience.

Backed by a skilled workforce of 2,897+ people and an artisan ecosystem of 198 master karigars, we remain committed to preserving India's jewellery heritage while embracing innovation, design excellence, and customer trust.

## Legacy of Excellence

Incorporated as Senco Gold Private Limited in 1994 in Kolkata, the company evolved from an 85-year family heritage of jewellery craftsmanship. On August 31, 2007, it transitioned to a public limited company—Senco Gold Limited. The visionary late Shaankar Sen established the brand nearly three decades ago. Today, the company maintains its lineage under the fourth-generation leadership of Shri Suvankar Sen.

From regional legacy to national centrestage, Senco's journey continues to be defined by artisanal brilliance, business resilience, and a relentless pursuit of excellence.

# Case Study: Senco QIP

In December 2024, Senco Gold Limited raised ₹4590 mn through a Qualified Institutional Placement (QIP). This funding helped expand

the retail network, and improved networth and liquidity.

## The Strategic Imperative

By FY25, Senco Gold Limited has crossed ₹63280 mn in consolidated revenue and expanded its showroom count to 175 showrooms, including its first international

showroom in Dubai. With momentum building in Tier 3 & 4 cities and lifestyle segments like lab-grown diamonds, the company needed long-term capital to sustain scale and agility.

## The QIP Details

In December 2024, Senco raised ₹4590 mn through a Qualified Institutional Placement (QIP).

**Issue Price**  
₹1,125 per share

**Valuation Premium**  
~3.5x the IPO price of ₹317  
(from July 2023 IPO)

**Equity Expansion**  
Increase in share capital from 777 mn to 818 mn

**Outcome:** The QIP was oversubscribed, attracting a blend of marquee domestic mutual funds, insurance companies, and foreign investors

## Utilisation of Funds

The capital raised through the QIP was strategically deployed across multiple high-growth areas:

**Retail Network Expansion**

16 new showrooms were launched during FY25, taking the total to 175 across India, including one in Dubai.

**Lifestyle Diversification via Sennes**

In September 2024 (Q2 FY25), Senco launched a wholly owned subsidiary, Sennes Fashion Ltd, focused on lab-grown diamond jewellery, premium leather accessories & fine fragrances.

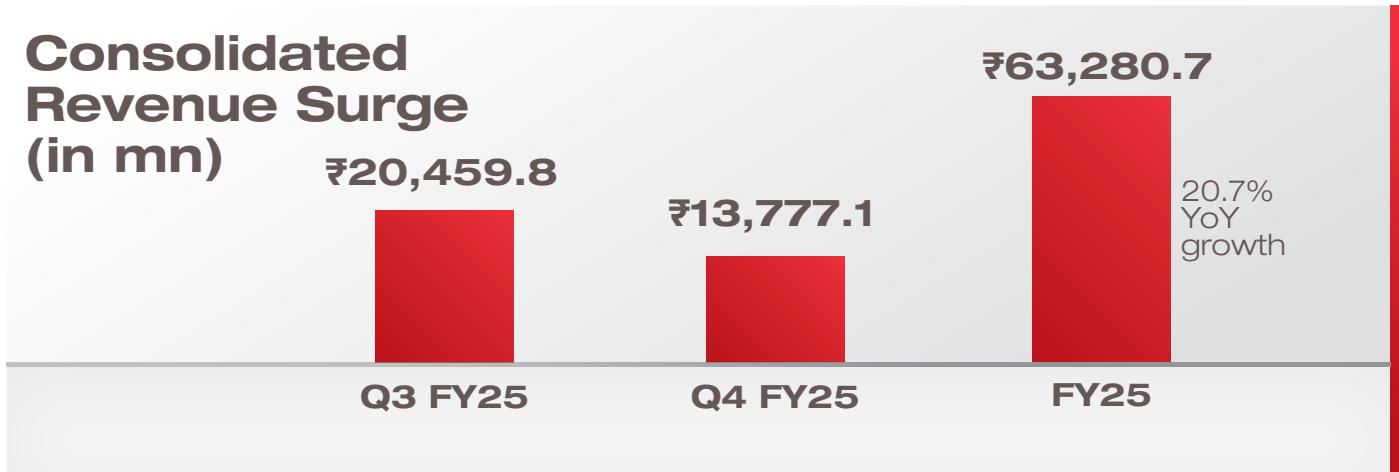

**Omnichannel & Digital Retailing**

Continued investment in flagship digital platforms including MySenco, DigiGold/DigiSilver, and Sencoverse, reinforcing the company's phygital model.

## Measurable Impact Post-QIP

Just months after the QIP, Senco Gold Limited's financial and operational performance showed marked acceleration:

## Retail Indicators

- **SSSG (Same Showroom Sales Growth):** 15% for FY25
- **ATV Growth:** From ₹63,700 in FY24 to ₹73,000 in FY25 (+14.6%)
- **ASP Growth:** From ₹41,600 to ₹48,100 (+15.6%)
- **Stud Ratio:** Decline from 11.4% to 10.9%
- **Old Gold Exchange Contribution:** ~39% of total gold sales

## Result:

Revenue more than doubled in **5 years with a 21% CAGR (FY21–FY25)**

## Impact

**The ₹4590 mn QIP wasn't just a fundraising event—it was a growth accelerator.**

**The capital helped Senco Gold Limited:**

- Scale faster across Bharat and global markets
- Launch lifestyle innovations through Sennes
- Fortify margins and inventory agility
- Reinforce its positioning as India's 2nd most trusted and desired jewellery brand

Leadership Message from the  
**Chairperson and  
Whole-Time Director**

*“Our motivation lies in the aspiration to delight customers in a transformative engagement, not merely a transaction.”*

**Ranjana Sen**  
Chairperson and  
Whole-Time Director

It gives me great pleasure to present the Senco Gold Limited Annual Report for FY2024-25, at the end of another year of serving our customers. We recorded a consolidated total income of ₹63,280 mn on a growth of 19.7% in FY25 as compared to FY24.

As a business rooted in Indian heritage, our core values remains unaltered even after eight decades of existence—to make trendy, handcrafted jewellery available to a diverse range of customers from across India, many of whom are young digital natives. It is my hope that our offerings meet lifestyle needs in today's glocalized world, given our jewellery designs reflect international and emerging style trends.

### **Deepening digital transformation for future-readiness**

This report comes at a time of transition for the Company. Today, we are rapidly making inroads

into digital spaces for customer engagement at a parallel with traditional showrooms. In these online hubs, our customers can experience our pieces conveniently and in great detail and make informed buying decisions. This investment into building digital infrastructure and deploying cutting-edge systems has been an achievement I am truly proud of. The sweep of technology at Senco has been extensive as much as it has been intensive; it has been directed to strengthen operating processes at the backend resulting in the delivery of light weight jewellery around the highest quality standards; at the front-end our investment in technology has deepened customer convenience, access and transaction.

Rising revenues from online channels stand testament to the potential of this new model and the credibility of the Senco brand promise.

The Company's technology-driven approach has enabled efficient redistribution of stock both interstate and intrastate. Under its ambit, we use analytics-based tools for improved forecasting, planning, and operational efficiency. Through ERP, it has integrated all key business functions, offering real-time control and visibility.

Augmented reality has facilitated virtual try-ons of ornaments, enhancing customer experience. Sharper customer insights have strengthened targeted marketing efforts. Additionally, the Digi Gold platform enables digital gold transactions, while Digi Silver stands out as the first-ever digital silver holding platform.

Proactive tech investments led to superior product quality and enhanced customer experiences across all touchpoints.

## The spirit of giving back

We strongly believe in our responsibility to society, and to do our bit to help the underprivileged usher in a brighter tomorrow. Our CSR initiatives focus on health, education, and skill development, aimed at bringing about lasting, meaningful change. The PC Sen Charitable Trust and the Shaankar Sen Institute For Vocational Studies For Women & Youth (SHIVSWAY) are centres of our philanthropic initiatives, and embody our legacy of giving back.

We remain committed to strengthening communities, nurturing the potential of youth,

and empowering families to lead lives of dignity.

## Greeting the future

Over the years, we have become one of India's most loved jewellery brands. We have recently also forayed into overseas markets with a portfolio of luxury handbags, fragrances and lab-grown diamond jewellery. The future has begun, purpose and passion have met with the technology that will drive them further, and I am convinced that an era of unprecedented growth is around the corner.

*“Our growth is powered by craftsmanship, guided by technology, and built on trust.”*

**Suvankar Sen**  
MD & CEO

Dear Shareholders,

As we present Senco Gold Limited's Annual Report for FY2024-25, I am pleased to share that the year has been a year of purpose-driven progress and strategic expansion for Senco Gold Limited. As custodians of an 85-year-old legacy, we are proud to have stayed rooted in the values of integrity, artistry, and emotional connection, even as we've charted bold new pathways through innovation and technology.

Senco Gold Limited recorded a 19.7% growth in standalone total income, crossing ₹63,133.70 mn, while our consolidated revenue growth grew slightly higher at 20.7%, reflecting robust performance across both company-owned and franchisee showrooms—even amid a volatile gold price environment. This validates the strength of our strategy and the passion of our people.

We also achieved a Same Showroom Sales Growth (SSSG) of 15% this year, indicating strong consumer preference for our core collections and new launches. Contributing to this momentum was a 14.6% increase in our Average Transaction Value (ATV), which rose

to approximately ₹73,000—driven largely by the inflation in gold prices. This reinforces the aspirational shift we are witnessing among consumers and reflects growing confidence in the Senco brand.

A key milestone this year was our successful Qualified Institutional Placement (QIP), through which we raised ₹4,590 mn by allotting 4.08 mn shares to institutional investors at ₹1,125 per

share. This empowered us to accelerate store expansion, provide growth capital and improve leverage.

The efforts of our teams across functions, from design to retail and digital to operations, translated into a record number of showroom openings and deeper penetration into Tier 2, 3, 4 and below markets. With lightweight, affordable and regionally-relevant collections, we are reaching aspirational rural India more effectively.

Equally important has been our investment in people. We scaled our workforce and deepened focus on upskilling and mentorship. Creating an empowering workplace and being recognised as one of the best places to work is not just a goal—it is a passion with purpose.

Technology is central to our growth strategy. At the heart of this lies our CRM approach—driven not just by data but by a real commitment to customer experience. Today, we use AI-powered CRM, 3D modelling and wax printing in production, and data-led inventory forecasting. Our e-commerce platform has evolved to include virtual try-ons and online advisory, offering an immersive shopping experience that resonates with digital-first customers. The growth of Sencoverse, India's first jewellery showroom in the Metaverse, reflects our leadership in digital transformation.

At the heart of all this lies our core belief: jewellery is not merely a commodity. It is art, emotion, culture, and craft. Our creations are inspired by intergenerational karigari and rooted in Bengal's design traditions. Every piece tells a story. Our aim is to take these stories – and the hands that craft them – to the world. Our new lifestyle sub-brand, Sennes, featuring lab-grown diamonds and luxury accessories, represents this evolution: accessible, expressive, and environmentally aware. These innovations reflect our deepening connection with the aspirations of India's younger generation.

While we remain focused on profitable growth, we are equally committed to a larger vision. Sustainability and inclusive growth remain core pillars.

To our employees, investors, partners, and patrons—thank you for your continued trust. Growth is in our DNA, but customer centricity runs in our blood. It is in serving our customers and nurturing enduring relationships that our design philosophy comes to life. Technology fuels our imagination as we move toward a future of new experiences.

For us, business goes beyond profit—it is rooted in a higher purpose: to make a positive impact through education, healthcare, and community upliftment.

At every step, we're guided by our core values: love for our customers, a reverence for art and design, and the emotions that bring our creations to life.

We are here to be among the best of jewellers, known for purity, reliability, and superlative design that touches hearts.

I am pleased to share that the past year at Senco Gold Limited has been one of purposeful progress. Our results indicate a strong consumer preference for our core collections and new launches, as we take forward a rich legacy of providing customers with beautiful jewellery offerings.

We continued to blend exquisite craftsmanship with innovation and new-age technology to create seamless customer experiences. We strengthened our customer-first approach, enhancing brand interactions across every touchpoint and staying attuned to evolving tastes. These endeavours were shaped with great attention to ensuring that the jewellery we created was of superior quality.

## **Timeless designs, contemporary appeal**

Since our inception in pre-Independence India, we have operated from a core belief that jewellery is more than an adornment, but holds personal meaning. I strongly believe that more often than not, a necklace or a ring or a bangle is often a symbol of identity, aspiration, and tradition for women.

Our body of trusted, intensely creative and highly skilled karigars (craftsmen) who bring our designs to life have been instrumental in creating

Moreover, in line with the vision of staying in touch with fresh consumer demands, we pushed the pedal on our diversification strategy, launching lab-grown diamonds, luxe handbags, and fragrances under the Sennes brand for today's trend-aware, digital-native consumer.

Alongside this, we amplified our adoption of digital technologies to fuel growth, reach new customer segments and strengthen relationships with existing buyers, and to showcase our brands and product offerings to targeted audiences.

These efforts, grounded in a clear growth vision and strategic plan, have allowed us to become truly future-ready.

pieces that represent such emotions, and in taking our heritage of artistry across the country. Some of our karigars have worked with us for generations, and in accordance with shifting preferences in jewellery, have become extremely versatile, and have learned to make kundan, polki, and South Indian temple jewellery to suit regional tastes and preferences.

**80,500 new designs  
brought to life in FY25**

# Nearly 75% of all pieces handcrafted

Our customer base has now expanded beyond the catchments of our headquarters in Kolkata and the boundaries of Bengal, and into smaller cities. Over the past two decades, we have sharpened our focus on younger consumers, including Millennials and Gen Z shoppers, with trendy, affordable offerings and curated, delicate workwear pieces in silver, and with quality costume jewellery.

# 198 skilled karigars

We have also worked with A-list brand ambassadors, including Vidya Balan, Kiara Advani, Sourav Ganguly, Kartik Aryan, Isha Saha, Swastika Dutta, Madhumita Sarkar and Souraseni Maitra to enhance brand visibility and create strong emotional connections with diverse customer segments through relatable faces who represent their aspirations.

As we take our diversification journey ahead, I want to deliberate on the recent Sennes story from the house of Senco. Today, Indian consumers are embracing luxury in unprecedented ways even as they remain rooted in Indian soil, and demonstrate high levels of sustainability awareness, seeking a mix of these values in products they invest in. We created Sennes to fulfill that need, combining handcrafted luxury and unparalleled quality in luxe offerings that cater to the international sensibilities of the contemporary consumer.

## When tech fuels passion

I must emphasize the role of technology, especially digital tools and systems, that have enabled us to reach a varied consumer base around the country and beyond.

To make purchases an informed, convenient and pleasant experience for shoppers, we have developed an ecosystem of customer-friendly assets beyond the physical showroom. Utilizing cutting-edge technology to usher in convenience brings a richer, more interactive shopping experience, especially helpful for those who prefer browsing remotely or live far from brick-and-mortar showrooms.

## Shaping future vistas

Our vision for the future remains centred on growth and expansion beyond the country, and most importantly, to creating lasting value with thoughtfully designed, superlative products and exceptional buying experiences. I'm confident that our dedication to customer-centric innovation and delivering excellence will catalyse our growth.

I reaffirm that at the heart of everything we do are the customers who have trusted us for decades. Earning and retaining their trust is a hallmark of our legacy. Many seek out Senco jewellery in keeping with intergenerational family custom. They are our greatest inspiration and driving force. By understanding and anticipating their desires, we will continue to craft fine jewellery that not only reflects timeless elegance but also celebrates the unique stories of those we serve. Together, we are poised to achieve greater heights in the coming years.

**Sanjay Banka**

Chief Financial Officer (CFO)

It is my privilege to present an overview of our performance for FY25 — a year shaped by global uncertainty, wars, and industry transformation. The backdrop of heightened geopolitical tensions, increasing dedollarization, and sustained gold accumulation by central banks contributed to a steep 32% surge in gold prices, following a 17% rise in FY24. Despite such volatility, Senco Gold navigated the challenges with agility and focus, delivering steady growth across key parameters.

### **Business Update:**

Our strategic efforts were directed towards retail expansion, product innovation and inventory efficiency. We launched new showrooms and curated collections aligned with evolving customer preferences — particularly lightweight and modern designs — while managing inventory prudently in response to rising gold prices. Encouragingly, customer affinity for gold remained strong, old gold exchanges were up to 39% of total sales.

### **Group Performance:**

Our consolidated financials include results of three subsidiaries: Senco Gold Artisanship Pvt. Ltd. (SGAPL) in India, Senco Global Jewellery Trading LLC (SGJTL) in Dubai, and Sennes

Fashion Ltd. (SFL) in India. SGAPL, focused on manufacturing and innovation, delivered revenues of ₹532.6 mn, and contributing nearly 4% to overall sales. SGJTL reported retail revenue of ₹51.3 mn and B2B sales of ₹1,951.1 mn. SFL, which marks our entry into lifestyle segments including leather accessories, fragrances, and lab-grown diamonds, launched two showrooms and recorded ₹1.03 mn in revenue. We plan to transfer four existing Sennes showrooms from Senco to SFL in FY26, expanding its portfolio to six outlets.

### **Operating Performance:**

We achieved consolidated revenue growth of 20.7% year-on-year, with same-showroom sales growth of 14.7%, sustaining a 5-year CAGR of 21%. Diamond jewellery sales grew by 18.5%, although the stud ratio slightly declined from 11.4% to 10.9%. Gross margins rose to ₹8,515 mn despite a one-time customs duty cut, which, along with competitive pressures, led to a margin drop from 15.5% to 14.8%. Operating expenses increased 14% due to new showroom openings, marketing, and inflationary costs. While reported EBITDA fell marginally to ₹3,676.3 mn, adjusted EBITDA — excluding the one-time customs duty impact — rose 13.2% to ₹4,250.5 mn.

## Profitability:

Profit after tax (PAT) declined from ₹1,810.0 mn to ₹1,593.1 mn. However, adjusted for the one-time customs duty impact, adjusted PAT grew 11.5% to ₹2,018.0 mn. Losses in subsidiaries — ₹47.9 mn in SGJTL, ₹6.9 mn in SFL, and ₹3.2 mn in SGAPL — accounted for the variance between consolidated and standalone PAT. We expect all three subsidiaries to turn profitable in FY26.

## Inventories and Borrowings:

Inventory levels increased by 34% to ₹32,992.5 mn to support expansion and festive readiness. Total borrowings increased 18% to ₹17,690.1 mn, with GML borrowings rising to 67% of total debt, bringing us closer to our target of 75%. Liquidity remained tight due to elevated inventory and investments in subsidiaries, while all obligations were met on time.

## Financial Ratios:

Our capital structure improved, with debt-to-equity improving from 1.1x to 0.9x, net debt-to-equity from 0.7x to 0.6x, and TOL/TNW from 1.4x to 1.2x. The interest coverage ratio remained healthy at 3.5x. As anticipated, QIP and IPO-related equity dilution impacted returns respectively, with ROE and ROCE declining to 9.6% and 9.5%, from 15.7% and 12.5% in FY24. These are expected to improve over the medium term as earnings scale up. ICRA

reaffirmed our short- and long-term ratings at [ICRA] A2+ and [ICRA] A (Stable), respectively, on a proposed enhanced facility of ₹24,000 mn.

## Qualified Institutional Placement:

Supported by a successful Qualified Institutional Placement of ₹4,590 mn, our net worth rose by 44% to ₹19,702.9 mn. The QIP saw strong participation from marquee investors such as Tata AIA Life, ICICI Prudential Life, ICICI Lombard, JM Financial, White Oak, Bandhan Mutual Fund, Carnelian, and others — reinforcing confidence in our long-term strategy. As of March 2025, ₹934.2 mn from the QIP remains unutilized, earmarked for working capital as per plan.

## The Future is Exciting:

As we step into FY26, we do so with confidence and clarity of purpose. Our focus will remain on responsible growth, strengthening the core, and enhancing return metrics. We aim to maintain a revenue of 20% CAGR, launch 20 new showrooms through COCO and franchisee models, and stabilise EBITDA margins above 7%. Key priorities include ensuring liquidity, asset sweating, scaling new businesses, and accelerating digital and AI-led transformation.

We are deeply grateful to our investors, bankers, and all partners for their continued trust and support as we build an agile, future-ready enterprise.

## Attitude of Gratitude

Attitude of Gratitude, in its third edition in 2025, is an innovative flagship CSR initiative by Senco, launched to acknowledge the artisans of Bengal who have kept alive diminishing the many extinguishing art forms of the region. The

programme is rooted in the values of positivity and care, both of which are driving forces for Senco. It is also a tribute to the passion of artisans who work relentlessly to preserve ancient artistry and craftsmanship.

### Artisans supported by Senco in their vocation:

- Cork and jute art
- Thermocol work
- Brass crafts
- Handmade jewellery
- Clay artistry

For Attitude of Gratitude celebrations in FY25, four eminent rural artists from West Bengal - Kartik Pal from Kalyani, Samaresh Santra from Harin Ghata, Panchanan Kangshobanik from Berhampur, and Sadhan Bhaskar from

Murshidabad - were invited. Notable artists like Mr Palash Kanti Biswas & Mr. Arun Kumar Bhaskar also graced the event. Senco pledged every support to enable them as they enrich their chosen art forms.

The UAE entity achieved total sales of Rs 2,002.5 million including Rs 51 million retail sales. Senco has operated SGAPL for enhancing captive manufacturing capacity and achieved total

revenue of Rs 532.6 million as mix of trading revenue and job work income. SFL was incorporated during FY 2024-25 to spearhead and promote Sennes Business (lab grown diamond jewellery, Leather accessories and Fragrances) and achieved a topline of Rs 1.03 million during the first year from its 2 retail stores as well as Shop-in-Shop (SIS) model.

Senco has been regularly expanding showroom presence across North, West, South and Central India as part of our Bharat Strategy leading to an increase of total non-east revenue to Rs 11,518.5 million as against Rs 9,450.1 million in FY24. The Average Ticket Value (ATV) and Average Sell Price (ASP) also increased from Rs 63,700 and Rs 41,600 to Rs 73,000 and Rs 48,100 respectively indicating premiumisation and improved stud ratio. The range of the various product at our various store formats range from Rs 2500 to Rs 30,00,000.

## INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian jewellery sector continued to evolve in FY 2024-25, supported by strong consumer demand, regulatory changes, and growing formalisation. While the market remains largely fragmented, there was a clear shift in consumer preferences and retail structure, offering significant growth opportunities for organized players.

Despite its traditional nature, the industry witnessed increased activity from branded retailers, particularly in Tier-II and Tier-III cities. Organized players steadily gained market share by leveraging asset-light models and franchise-based expansion. As of FY 2025, nearly 50% of the overall jewellery retail market remains unorganized, highlighting the vast potential for further penetration by formal, branded entities. Industry estimates project that organized retail could account for more than half of the market by FY 2029.

A key development during the year was the reduction in custom duties on precious metals. The Union Budget 2024 reduced import duty on gold and silver from 15% to 6%, and on platinum to 6.4%. This move improved affordability for consumers, curtailed unofficial imports, and promoted transparency in the value chain. However, this also led to a one-time margin impact for jewellery retailers due to inventory revaluation, estimated at 50–70 basis points.

Gold jewellery remained the dominant category, with value growth estimated between 14%–18% during the year, driven by festive demand, rising gold prices, and growing preference for lightweight and lower-carat jewellery. There was also increasing interest in lab-grown diamonds, particularly among younger consumers looking for value and sustainability. In contrast, the studded jewellery segment, especially solitaires, faced pricing pressure due to weak international demand and declining export volumes.

Digitalisation and changing consumer behaviour also shaped the industry. Retailers adopted omnichannel strategies to reach tech-savvy consumers, offering online browsing, virtual try-ons, and home shopping experiences.

Export performance was mixed. While plain gold jewellery exports registered strong double-digit growth, exports of cut and polished diamonds declined significantly due to weak demand from key international markets. Exporters began diversifying toward new markets, particularly the Middle East, in response to growing trade tensions and tariff barriers in Western economies.

Looking ahead, the sector remains well-positioned for continued growth, supported by favourable demographics, rising disposable incomes, regulatory reforms, and growing brand consciousness among consumers. Organized players, with their focus on quality, design innovation and customer experience, are expected to lead the transformation of the Indian jewellery industry in the years to come.

## OPPORTUNITIES AND THREATS

The company sees opportunities in innovation through advanced design and manufacturing technologies like 3D printing and CAD, which allow for the creation of unique, high-quality products that attract discerning customers. The ongoing digital transformation

presents significant potential for enhancing customer engagement, expanding reach and boosting sales efficiency through e-commerce and digital marketing initiatives. The growing market demand, driven by rising disposable incomes and increased fashion awareness, offers substantial growth prospects. Additionally, the increasing demand for ethically sourced and sustainable products provides an opportunity for Senco Gold Ltd. to appeal to socially conscious consumers by focusing on responsible sourcing of natural diamonds and precious metals. Expanding into new geographic markets and customer segments, leveraging strong brand recognition, integrating advanced technologies, and diversifying product lines to include complementary items such as luxury lifestyle accessories are also seen as key growth strategies.

On the flip side, the Company acknowledges several threats that could impact its operations. The highly competitive jewellery industry could lead to price wars, reduced margins and increased marketing expenses. Frequent regulatory changes, such as hallmarking mandates, import duties and tax reforms, may pose compliance challenges and affect operational efficiency. Economic uncertainty, including inflation and currency volatility, could impact consumer spending and raw material costs, affecting profitability and sales. Supply chain disruptions caused by geopolitical tensions, war in other countries, natural disasters, or logistical issues could affect the availability and cost of raw materials, leading to production delays and increased costs. Global market dynamics, including changes in international trade policies and tariffs, pose further risk to export potential and profitability. Technological risk, environmental and social scrutiny, rising operational costs, the prevalence of counterfeit products, and sociopolitical factors in key markets also present significant challenges. Additionally, rapid expansion or diversification without maintaining quality could lead to brand dilution and a loss of customer loyalty, while talent retention in a competitive market could be challenging.

## SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

Senco Gold Limited successfully navigated a dynamic market environment in FY25, delivering strong growth across product categories. The company continued to expand its retail footprint, increasing the total number

of showrooms to 175, including 72 franchise-operated locations.

### **Category-wise Retail Performance**

- Gold: Gold sales grew by 21% overall, with a 15% growth in LTL (Like-to-Like) sales. The increase in gold prices and strong wedding season sales were major contributors.
- Diamond: Diamond sales recorded an impressive 15% overall growth and 8% LTL growth, driven by increased demand for studded jewellery.
- Platinum: Platinum sales saw a decline of 4% overall, with an 8% LTL drop, primarily due to its high price point.
- Silver: Silver sales increased by 41% overall, with a 39% rise in LTL sales, supported by the growing popularity of the Gossip brand.
- Gossip: The Gossip brand, known for its contemporary fashion jewellery, achieved 21% overall growth and 20% LTL growth, appealing to younger demographics.

## **OUTLOOK**

Despite challenges such as elevated gold prices and recent changes in customs duty structures, the outlook for the Indian jewellery market remains resilient. Jewellery continues to hold strong cultural, emotional and investment value among Indian consumers, especially during weddings and festivals. While higher prices may lead to some shift in demand patterns such as a preference for lighter designs or lower-carat jewellery the overall demand is expected to remain stable.

Senco is uniquely positioned to leverage the above growth journey backed by its visionary leadership, strong management team, robust system and process, healthy financial metrics and availability of capital. While we maintain our market leadership based on number of stores in eastern region, we will also expand in north, west and south as a strong pan Indian brand. We also aspire to retain our position as second most trusted brand and second most desired jewellery brand and will continue to delight our customers with large range of designs, customer centricity with focus on sustainable profitable growth towards shareholders value creation.

Looking ahead the Company anticipates a year of growth and opportunity, underpinned by favourable market conditions and a strategic emphasis on

innovation and sustainability. The jewellery markets, both globally and in India, are expected to continue their growth, driven by rising disposable incomes, increasing fashion awareness and the enduring cultural significance of jewellery in Indian society. This positive environment provides a strong foundation for the Company to expand its market share and explore new growth avenues.

The company's strategic focus will include enhancing its e-commerce and digital marketing efforts to better engage with customers and drive sales. By investing in cutting-edge technologies such as 3D printing, CAD, and augmented reality (AR), Senco Gold Limited aims to offer innovative and unique jewellery designs that resonate with contemporary consumer preferences. The company's commitment to ethical sourcing, particularly with natural diamonds, and sustainable practices aligns with the growing consumer demand for responsible and eco-friendly products, further enhancing its brand appeal.

Diversifying its product range and expanding into new geographic regions will be key growth strategies for the Company. Offering personalized and bespoke jewellery services will help differentiate the brand from competitors and build lasting customer relationships. Financially, the company expects steady revenue growth, driven by operational efficiencies and strategic investments. A proactive approach to risk management will be essential to navigate potential challenges such as economic fluctuations and regulatory changes, ensuring long-term financial stability.

Overall, the Company is well-positioned to achieve continued success in 2025-2026, leveraging emerging market opportunities while effectively managing potential risks. The company's strong market presence, focus on innovation, commitment to sustainability, and enhanced customer experience will drive its growth and strengthen its competitive advantage in the dynamic jewellery industry.

## **RISK MANAGEMENT**

The Company has established a comprehensive risk management framework for the identification and mitigation of key business risks. The major risks and mitigation strategy of the Company are mentioned below:

## Macroeconomic Risk

**Impact** - Geopolitical tensions, supply chain disruptions, higher inflation, monetary tightening and global economic slowdown may reduce consumer spending and impact the growth of the gems and jewellery industry.

**Mitigation Strategy** - The Company is focussed on increasing its geographical footprint, e-commerce expansion, and producing innovative products to strengthen its position in the market. Further, it primarily concentrates on the domestic market and remains protected from the impact of international economic challenges. Moreover, its plan for geographical diversification will reduce the dependence on a particular economy in case of adverse events and circumstances in any country.

## Competition Risk

**Impact** - The gems and jewellery industry faces intense competition from the growing presence of both organised and unorganised players. The inability to produce high-quality and aesthetic products at competitive prices may impact the market share and growth of the Company.

**Mitigation Strategy** - The Company's superior brand recall, unique design and product portfolio and impeccable track record enable it to establish itself as a leading and preferred jewellery brand in India. Moreover, consistent efforts towards developing new designs, product innovation and branding & marketing activities will further strengthen its brand positioning and customer connect.

## Margin Risk

**Impact** - Profitability/margin of the Company is dependent on gold jewellery business and any adverse conditions in gold procurement or prices can significantly financially challenge the company.

**Mitigation Strategy** - The Company has taken various initiatives for increasing the share of Diamond Jewellery i.e staff incentivisation, special offers, new product designs etc. The Company is focussing on increasing diamond, polki, and platinum sales. Further, new product line with higher margins like Leather accessories, Lab Grown Diamonds have been introduced.

## Data Security and Privacy

**Impact** - Data privacy infringement shall be a major impact in conducting the business and any breach can lead to a non-compliance of the data privacy law.

**Mitigation Strategy** - The company is proactively working on various avenues for enhancing data management, protection and software capabilities. The Company is focussing on leveraging cloud-based data storage solutions and upgrading the software services. By embracing these possibilities, the Company aims to optimise efficiency, scalability, and overall performance to meet the evolving needs of the data security and privacy.

## INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Trust and transparency along with purity and quality form the core foundation of our value system. We ensure that all the jewellery sold by us are of appropriate quality (Carat, 4C, ethically sourced). We have thus built robust internal controls along with integrated systems built on institutionalised process to ensure that our customers are at the fulcrum in all our business process.

Senco places utmost importance in regularly enhancing internal control framework in view of complex business environment and ever-increasing risk of fraud and error in the digital era. Senco adopts a calibrated and smart framework spanning on pillars of administrative and financial controls. On the administrative control side, company has a proper reporting structure, several oversight committees, segregation of duties, maker and checker controls, ERP based controls at all levels to ensure appropriate checks and balances. On the financial controls side, management with the knowledge and understanding of the business, its organization, operations and processes has put in place appropriate controls including reporting mechanism to deter and detect misstatements in financial reporting. On the business and customers facing side we have built controls like gold purity testing, diamond carat testing, testing of old gold in front of customers, 100% hallmarking, SGL & other diamond certification, regular audit and review of Karigar performance, multistage Quality Control process backed by lifelong buy back, to reinforce our quality commitments. Further, Senco has an internal financial control (IFC) system, which

commensurate with the nature of its business and the size and complexity of its operations.

The Company's system of internal control has been designed to provide a reasonable assurance with regard to controls over critical business activities and operations, policies and procedures for ensuring the orderly and efficient conduct of business, critical procurements, prevention and detection of frauds and errors, compliance with regulations and for ensuring timeliness and reliability of financial reporting. Company's IFC have been reviewed and actions have been taken wherever needed, to strengthen control and overall risk management procedure. The Internal Audit is carried out by a firm of Chartered Accountants which reports its findings and observations directly to the Audit Committee. In the age of phygital business, our auditors also regularly conduct ITGC audit to mitigate risk of any cyber fraud and error. The Audit Committee evaluates and reviews the adequacy and effectiveness of the internal control systems and suggests improvements to strengthen them. Based on the report of Internal Auditor and the response thereto, necessary corrective actions are undertaken to strengthen the controls. Similarly, risk committee of the Board continuously evaluates various risk facing the business and provides guidance for strengthening the controls. Overall, the Board and the Audit Committee maintains a proactive approach in ensuring that the control and governance framework is regularly reviewed and timely corrective actions are taken to minimize risk of disruption. We continue to look at reviewing and strengthening internal controls across the entire organisation with focus on customer delight.

## FINANCIAL PERFORMANCE

### Overall Consolidated Financial Performance

FY 2024-25 was another landmark year in the successful journey of Senco as we achieved total revenue growth of 20.7% YoY (including Same Showroom Sales Growth - SSSG of 15%) leading to an increase in topline from Rs 52,414.4 million to Rs. 63,280.7 million. This growth was primarily led by value growth of over 32.0% while there was no volume growth in gold. The value and volume growth in Diamond Jewellery was 5% and 18% respectively, taking our stud ratio at 10.9% as against 11.4% last year. The lower demand for diamond jewellery was primarily driven by gold price rise and the emerging popularity of Lab Grown diamond.

During the year, due to the reduction in customs duty on Gold from 15% to 6.5%, there was a one-time hit on our existing inventory of Rs 574.2 million which impacted gross margin and EBITDA by 50 basis points.

However, after excluding the impact of one-time impact of custom duty, the adjusted EBITDA increased from Rs 3,755 million to Rs 4,250 million and adjusted PAT increased from Rs 1,810 million to Rs 2,018 million.

### Analysis of the Profit and Loss Statement

**Revenue:** Revenue reported is net-off discounts and offers as well as provision for return and loyalty points. We achieved overall sales growth of 20.7% YoY from Rs 52,414.4 million to Rs 63,280.7 million. Our revenue mix was ~64% from company-operated showrooms, ~32% from franchisees' showrooms (FOFO & FOCO both); and rest 4% was contributed by e-commerce, exports, corporate and digital gold. Out of this growth, retail growth from own and franchisee showrooms was 21.7% (including SSSG of 15%). Revenue from sale of coin was 3% at Rs 1,548.0 million, while revenue from sale of Digi gold and Digi silver touched Rs 75.0 million mark. The gold purchased by customers are stored with third-party vault. Franchisee fees includes one-time onboarding fees and support fees of Rs 96.8 million (FY 2023-24 Rs 97.5 million).

Revenue from exports improved from Rs 2,079.07 million to Rs 2,893.66 million which was primarily driven by captive export to the Dubai WOS (SGJTL).

**Other income:** Other Income substantially increased by 29.2 % YoY from Rs 422.4 million to Rs 545.7 million mainly due to the increase in interest income of Rs. 282.9 million on FD & Margin. The average ROI on the FD was 6.5%. The total funds invested in FD & Margin (collateral for working capital facilities, Jewellery Purchase Scheme Compliance, gold hedging margin etc) increased from Rs 5,328.5 million to Rs 5,576.0 million due to enhanced borrowing.

**Cost of Goods Sold** rose marginally from 84.7% to 86.5% of revenue primarily due to customs duty rate reduction impact and product mix changes leading to a reduction in gross margin from 15.3% to 14.8%. It is expected that competitive intensity will continue to remain elevated as many players are offering huge discounts and offer, while some new entrances are planning to enter in this business.

**Customs Duty Impact:** During FY 2024-25, a one-time revision in the customs duty rate on gold from 15% to 6% resulted in an estimated loss of Rs 574.2 million on the existing inventory which was backed by GML hedging. The inventory backed by MCX hedging did not have any loss. This impact was fully absorbed and adjusted in Q2 and Q3 of FY 2024-25 at the COGS and Gross Margin. As the effect was one-time in nature, it is not expected to influence margins or profitability in FY 2025-26.

**Total expenses:** This includes manpower expenses, marketing expenses, sales and distribution, lease rental (IndAs Adjusted) and other administrative expenses which increased from Rs 4,258.8 million to Rs 4,838.9 million due to variable costs relating to new stores opened, full year impact and inflation impact. Manpower expenses increased from Rs 1,112.3 million to Rs 1,390.8 million due to new hiring for expansion, investment in talent building, staff welfare, training & development. Marketing and brand building expenses increased from Rs 1,033.7 million to Rs 1,065.6 million and remained below 2% of sales in line with Industry trend. Lease rentals are paid towards COCO showroom taken on lease, Guest House, Factories & Workshops and Offices; and it increased from Rs 586.8 million to Rs 728.4 million, however due to IND AS 116 lease accounting impact, Rs 332.4 million was classified as interest cost on lease liabilities; Rs 440.9 million towards depreciation on ROU Assets; and balance Rs 86.3 million as lease expenses as against Rs 75.2 million last year.

**EBITDA:** EBITDA decreased from Rs 3,755.1 million to Rs 3,676.3 million with resultant EBITDA margin at 5.8% for FY 2024-25. EBITDA was marginally lower compared to FY 2023-24 mainly due to customs duty impact of Rs 574.2 million as stated above. The Adjusted EBITDA (adding back customs duty impact in FY 2024-25) increased from Rs 3,755.1 million to Rs 4,250.5 million in FY 2024-25 and the resultant Adjusted EBITDA Margin was 6.7% – 50 basis points lower than FY 2023-24.

**Finance Cost:** Finance Cost (including lease accounting impact) increased from Rs 1,081.0 million to Rs 1,362.1 million. In this context, it is pertinent to state that average borrowing (including GML and CC/ WCDL) increased from Rs 13,388.1 million to Rs 16,336.8 million and year end borrowing increased from Rs 14,983.4 million to Rs 17,690.1 million. The increase was mainly on account of inventory for new stores and enhancement of inventory at existing stores. The actual finance cost was Rs 1,025.1 million in FY

2024-25 as against Rs 785.4 million in FY 2023-24. The blended rate of interest increased marginally from 5.7% to 5.9% due to a sudden increase in GML rates in Q4 and is likely to cool in FY 2025-26.

**EBIT:** The EBIT margin for FY 2024-25 also reduced from 6.8% to 5.6% in FY 2024-25 due to customs duty and other impacts as stated above.

**PAT:** PAT decreased by 12% from Rs 1,810.0 million to Rs 1,593.1 million, whereas the Adjusted PAT (APAT) increased by 11.5% from Rs 1,810.0 million to Rs 2,018.0 million, which contributed to the cash flow and the same was deployed along with QIP fund for growth and expansion as well as inventory buildup.

## Analysis of the Balance Sheet

**Share Capital & Reserve (Net Worth)** – During the year, we raised funds through QIP of Rs 4590 million (Rs 4483.4 million, net of QIP expenses of Rs 120.7 million) and resultantly along with the PAT for the year, the net worth of the company increased by Rs 6,047.5 million from Rs 13,655.4 million to Rs 19,702.9 million. The QIP funds have been utilised towards borrowings reduction and working capital improvement as per the objects of the issue. The unutilised amount of Rs 934.2 million have been parked in bank FDs for General Corporate Purpose.

**Bank borrowing:** We have a consortium banking arrangement and Indian Bank is our lead banker along with 16 other bankers some of which provide GML facility. Our borrowings are primarily for short-term working capital purposes, and a major part (67% of total borrowing) is in the form of GML which has substantially lower average rate of 3.6% p.a. Our total borrowings increased YoY from Rs 14,983.4 million to Rs 17,690.1 million on account of inventory increase at existing stores and new stores roll out. We have also increased the level of our diamond inventory in line with our target to increase stud ratio. We have been continuously increasing Gold Metal Loans (GML), and it has reached to 67% as on March 25 as against 61% in March 24. The blended rate of interest remained range-bound between 5.7% to 5.9%.

The total capital employed increased from Rs 28,638.8 million to Rs 37,393.0 million which has been optimally allocated to inventory and a substantial amount of Rs 5,576 million has been deployed in FD and margin with the respective banks as per terms of borrowing.

The capital is allocated systematically to various strategies and initiatives for achieving the desired Return on Equity.

**Investment in Subsidiaries** – It increased from Rs 133.1 million to Rs 314.8 million on account of capital infusion made in wholly owned subsidiaries i.e., SGJTL (Dubai) and SFL for Rs 131.3 million and 50.5 million respectively during the year. The total Investment as at year end was Rs 65.0 million, Rs 199.3 million and 50.5 million for SGAPL, SGJTL and SFL respectively. These investments are strategic in nature and contribute to growth and expansion strategy of the company.

**Inventory:** Inventory consists of jewelleries (gold, diamond, platinum, silver, polki, precious stones and gossip jewelleries), raw material & WIP thereto; as well as Sennes related inventory. Inventories are valued at cost

or net realisable value whichever is lower and includes the substantial impact of realised and unrealised losses/gains (MTM impact under IND AS 109) on hedging positions. Inventory increased YoY from Rs 24,570.2 million to Rs 32,992.5 million mainly due to new showroom addition, enhancement of inventory at existing showrooms as well as impact of gold price rise YoY by 35%. During the year, there was an incident of misappropriation of jewelleries for which necessary provision has been made and the same has been reported by statutory auditors to Central Govt for Rs 18.5 million.

Our Reward & Recognition program, along with regular leadership interactions, reinforces our Vision, Mission and Core Values. A strong open communication framework, coupled with robust training programs, empowers employees to voice their opinions confidently and transition into independent roles with ease.

During the recent performance evaluation cycle, the Management dedicated over 150 hours to personally connect with more than 600 employees across 9 zones and 17 states, exchanging feedback and strengthening trust. Our open-door policy provides every team member a safe space to express themselves, while structures like the *Delegation of Authority, Escalation Matrix, Idea Box and Help Desk* encourage empowerment, innovation and timely resolution of concerns—further reinforcing a culture of inclusion and accountability.

### **Learning and Development:**

Learning and Development is a key driver of Senco's Mission Statement. Our focus on enhancing customer experience across retail outlets is supported through role-specific training programs, performance-linked evaluations and continuous capability building.

Our comprehensive **Learning Management System (LMS)**, built on a 25-grid model, provides structured training and online assessments across key areas such as product knowledge, retail excellence, standard

operating procedures (SOPs), digital readiness and people development—ensuring consistent skill enhancement and productivity improvement.

Leadership development is a strategic priority. Senco has identified a focused group known as the **57-Facets Leadership Team** and introduced the **ACE Program**—centred on *Agility, Collaboration and Excellence*. In addition, specialized programs have been launched for **first-time managers** and **future leaders**, aiming to shift their approach from reactive to inspirational leadership.

These initiatives are designed to build key managerial competencies such as adaptability to change, collaborative performance and responsible decision-making—aligning with the principles of ethical leadership and sustainable business conduct. Over **300 team members**, including senior leaders and managers, have successfully completed these programs, strengthening our leadership pipeline for the future.

### **Great Workplace for Women**

Senco is strongly committed to gender diversity and inclusion, with women comprising 37% of our workforce. We ensure a safe, respectful and enabling work environment through a robust POSH & Whistle blower policy and thoughtfully structured shift rosters that promote work-life balance.

Our initiative **Atma Shakti** focuses on building confidence and safety among women employees through self-defense training sessions conducted by certified professionals. Alongside this, we offer extended maternity leave support, women-exclusive sports tournaments and participation in Creative Day—reflecting our dedication to create a workplace where women are empowered to grow, lead and flourish both personally and professionally.

### **Rewards & Recognition**

Our comprehensive Reward and Recognition program celebrates excellence across Sales, Head Office and Factory through monthly and annual awards. Key recognitions include *Employee of the Quarter, Shining Star, Glittering Star* and over 100 other accolades such as *Long Service Awards, Champ Awards, Values Awards* and the prestigious *Hall of Fame*—all designed to inspire, motivate and honour outstanding contributions across the organization.

## 1. FINANCIAL PERFORMANCE

During the year under review, your company achieved a total Income of INR 63,133.71 million as compared to INR 52,724.23 million for the previous year on a standalone basis. The Net Profit after tax was INR 1,653.71 million as compared to INR 1,887.50 million for the previous year on a standalone basis.

The total Income from the operation was INR 63,826.39 million as compared to INR 52,836.83 million for the previous year on a consolidated basis. The Net Profit after tax was INR 1,593.09 million as compared to INR 1,810.04 million for the previous year on a consolidated basis.

Your Company is a leading pan-India jewellery retailer with a legacy of more than eight decades and largest jewellery retail player in eastern India based on number of showrooms. In line with the growth strategy, the Company continued its business expansion with sharp focus on driving profitability and customer acquisition. During the year under review, the Company added 16 showrooms, thereby expanding its showroom portfolio to 175 (including 4 Sennes Store and 72 Franchisee showrooms) as at the end of the year, spread across India having various formats like Classic & Modern, D'Signia, Everlite, House of Senco to cater to various customer segments. The Company diversified its product portfolio recently by launching "SENNES" brand for leather bags, perfumes and lab grown diamond jewellery.

During the year, the gold prices increased substantially continuing their upward journey throughout the year based on global uncertainty, Russia Ukraine conflict, war in Israel and middle east tension and the apprehension of rising tariffs in international trades.

During the year, due to the reduction in customs duty on gold from 15% to 6.5%, there was a onetime hit on your company's existing inventory of Rs 574.2 million. This impacted gross margin and EBITDA by 50 basis points. However, after excluding the one-time impact of custom duty, the adjusted EBITDA increased from Rs 3,814 million to Rs 4,278 million, while the adjusted PAT increased from Rs 1,887 million to Rs 2,078 million. Even in these challenging scenario, your Company achieved substantial growth. This growth was fuelled by maturity of existing showroom, higher wedding sales and higher old gold exchange.

## 2. EQUITY FUNDS RAISED THROUGH QUALIFIED INSTITUTIONS PLACEMENT

Pursuant to approval of the Board of Directors at their meeting held on 4<sup>th</sup> October, 2024 and subsequent approval of the members through resolutions passed by way of postal ballot dated 26<sup>th</sup> November, 2024, your Company successfully raised INR 4590.00 million through Qualified Institutions Placement (QIP) on December 13, 2024, involving the issuance and allotment of 40,80,000 equity shares of face value INR 10/- each per share at an issue price of INR 1,125/- per Equity Share, (including a premium of INR 1,115/- per Equity Share). The issue was made in accordance with the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended, and Sections 42 and 62 of the Companies Act, 2013, as amended, including the rules made thereunder. The proceeds were raised for repayment / pre-payment, in part or in full, of certain outstanding borrowings availed by your Company and for other general corporate purposes of the company, as outlined in the Placement Document.

Your Company has appointed ICRA Limited as the Monitoring Agency for monitoring the utilization of the proceeds raised through QIP. The Monitoring Agency issues quarterly report on the utilization of the proceeds. As on 31<sup>st</sup> March, 2025 your Company has utilised INR 3642.02 million. The entire unutilised amount of INR 934.20 million as raised for general corporate purposes, is currently parked in fixed deposits with banks and is pending for deployment.

There have been no deviations in the utilization of funds from the intended objects as stated in the Placement Document. The QIP has further strengthened your Company's capital structure, significantly enhanced financial flexibility, and provided momentum to its ambitious growth initiatives.

## 3. SUB-DIVISION/SPLIT OF THE EQUITY SHARES

During the financial year, the Board of Directors of your Company at their meeting dated 4<sup>th</sup> October, 2024 approved the sub-division/split of equity shares of your Company, i.e. 1 (one) equity share having face value of INR 10/- (Rupees Ten only) each, fully paid-up, was subdivided into 2 (two) equity shares having face value of INR 5/- (Rupees five only) each, fully paid-up.

Further, the members vide resolution passed by way of postal ballot on 26<sup>th</sup> November, 2024 approved the said sub-division/ split of equity shares and consequential alteration in the existing Capital Clause of the Memorandum of Association (MOA) and the Articles of Association (AOA) of your Company.

After the requisite approvals of the Stock Exchanges i.e. BSE Limited ("BSE") and National Stock Exchange of India Limited ("NSE") and the Depositories i.e. National Securities Depository Limited ("NSDL") and Central Depository Services India Limited ("CDSL"), new ISIN (INE602W01027) was allotted to your Company. The effect of change in face value of the shares were reflected on the share price at the Stock Exchanges where your Company is listed i.e BSE and NSE effective from 31<sup>st</sup> January, 2025 i.e. record date for the purpose of sub-division/ split of equity shares of your Company.

The Earnings per share (EPS) of the equity shares has reduced due to the stock split. The reduction in EPS is a notional effect of the stock split and does not reflect any change in the Company's profitability.

#### 4. DIVIDEND

The Board of Directors have recommended a final dividend at the rate of 20% (i.e Re. INR 1/- per equity share of face value INR 5/- each) subject to approval of members at the ensuing Annual General Meeting.

The final dividend, if approved, would be paid to members whose names appear in the Register of Members as on the record date fixed for this purpose. The dividend payment is based upon the parameters mentioned in the Dividend Distribution Policy approved by the Board.

#### 5. DIVIDEND DISTRIBUTION POLICY

## SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31<sup>st</sup> March, 2025

[Pursuant to Section 204(1) of the Companies Act, 2013 read with Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Regulation 24A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015]

**To**

**The Members,**

**Senco Gold Limited**

'Diamond Prestige'

41A, A.J.C. Bose Road

10<sup>th</sup> Floor, Unit No. 1001

Kolkata - 700017

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Senco Gold Limited** having its Registered Office at 'Diamond Prestige', 41A, A.J.C. Bose Road, 10th Floor, Unit No. 1001, Kolkata – 700017, West Bengal (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended 31.03.2025 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

#### **Auditors' Responsibility**

Maintenance of Secretarial Records is the responsibility of the management of the Company. Our responsibility is to express an opinion on existence of adequate Board process and compliance management system, commensurate to the size of the Company, based on these secretarial records as shown to us during the said audit and also based on the information furnished to us by the officers' and the agents of the Company during the said audit.

We have followed the audit practices and processes as were appropriate to the best of our understanding to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed, provide a reasonable basis for our opinion.

We have not verified the correctness, appropriateness and bases of financial records, books of accounts and decisions taken by the Board and by various committees of the Company during the period under scrutiny. We have checked the Board process and compliance management system to understand and to form an opinion as to whether there is an adequate system of seeking approval of respective

committees of the Board, of the Board, of the members of the Company and of other authorities as per the provisions of various statutes as mentioned hereinafter.

Wherever required we have obtained the management representation about the compliance of the laws, rules and regulations and happening of events, etc.

The Compliance of the provisions of Corporate and other applicable laws, rules, regulations and standards is the responsibility of the management. Our examination was limited to the verification of compliance procedures on test basis.

Our report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness or accuracy with which the management has conducted the affairs of the Company.

**We report that**, we have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended 31.03.2025 according to the provisions of (as amended):

## ANNEXURE-V

**STATEMENT OF PARTICULARS UNDER RULE 8(3)  
OF THE COMPANIES (ACCOUNTS) RULES, 2014**

**1. PARTICULARS WITH RESPECT TO CONSERVATION OF ENERGY**

**A. STEPS TAKEN OR IMPACT ON CONSERVATION OF ENERGY**

During the financial year 2024-25, your company took several proactive steps to conserve energy and reduce its environmental impact. The company ensured optimal usage of energy across its operations, taking care to avoid waste and improve efficiency wherever possible. A major initiative was the transition of majority of the showroom lighting to LED fixtures, significantly reducing electricity consumption and the overall carbon footprint. In its manufacturing facilities, your company integrated Compressed Natural Gas (CNG) as a cleaner alternative fuel to conventional options, further lowering harmful emissions. Additionally, the company actively evaluated renewable energy opportunities, particularly exploring the feasibility of installing solar power systems to support long-term sustainability goals. Despite its relatively low energy intensity compared to revenue, which currently does not warrant significant capital investment in specialized energy conservation equipment, these measures demonstrate your company's commitment to sustainable operations and responsible resource management. The combined impact of these initiatives has resulted in tangible energy savings and reinforces the company's focus on continual improvement in energy conservation practices.

**B. STEPS TAKEN FOR UTILISING ALTERNATE SOURCES OF ENERGY**

Your company took key steps to utilize alternate energy sources by exploring solar power installations at selected stores, aiming to reduce dependence on conventional electricity. The company also continued using Compressed Natural Gas (CNG) in production as a cleaner alternative fuel, reinforcing its commitment to sustainable and eco-friendly operations.

**C. CAPITAL INVESTMENT ON ENERGY CONSERVATION EQUIPMENT**

As the energy consumption to total turnover is very minimal, investment in Energy Conservation Equipment is presently not required.

**2. PARTICULARS WITH RESPECT TO TECHNOLOGY ABSORPTION**

**A. EFFORTS IN BRIEF TOWARDS TECHNOLOGY ABSORPTION**

Your Company's adoption of technology is guided by a clear focus on enhancing operational efficiency, delivering superior customer experiences, and maintaining its competitive edge in a fast-evolving market. Your Company's products are thoughtfully designed to be highly personalized and visually engaging, aimed at driving strong customer interaction and lasting engagement.

**B. BENEFITS DERIVED**

1. The initiatives helped your company enhance customer engagement, attract younger eco-conscious buyers, and expand online reach. They strengthened risk management, increased product variety with thousands of new designs, and improved competitiveness—boosting growth and sales potential.

2. Future plan of action: Emphasis will continue to be laid on innovative products keeping in view the need and choice of consumers, innovative design and adoption of latest technology and know-how to make products more cost-effective as well as of high quality.

#### **C. IMPORTED TECHNOLOGY**

Technology imported : None  
Year of import : Not applicable  
Has technology been fully absorbed? : Not applicable

#### **D. RESEARCH & DEVELOPMENT**

Your Company has not carried out any research and development activities during the year.

#### **3. FOREIGN EXCHANGE EARNINGS AND OUTGO**

During the year under review, your Company's foreign exchange earnings and outgo are as under:

Foreign Exchange Earnings : Rs. 2,088.00 million  
Foreign Exchange Outgo : Rs. 1,400.00 million

## COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Senco Gold Limited ("Senco or Company") firmly believes in adhering to established corporate governance practices to protect the interests of investors and ensure healthy growth of the Company. The Company stringently complies with the corporate governance practices as enumerated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 {hereinafter referred to as "the SEBI Listing Regulations, 2015" or SEBI (LODR)}.

At Senco, the concept of corporate governance is founded upon the core principles of transparency, empowerment, accountability, independent monitoring, environmental consciousness and sustainable value creation. These pillars have evolved over the years and helped the Company in reflecting its core values and practices in its business conduct. The Company is committed to deliver exceptional customer service, maintaining high standards in design and production, and creating an outstanding customer experience. The Company's overall governance framework reflects and supports its Mission, Vision and Values.

The Company's corporate governance operates through a structured, multi-tiered system that includes oversight by the Board of Directors, specialized Board committees and clearly defined management practices. This framework is reinforced by robust internal controls and thorough audit procedures designed to promote transparency and ensure accountability throughout the organization.

A report on compliance with the Corporate Governance provisions as prescribed under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") is given herein below:

## BOARD OF DIRECTORS

### (a) Introduction

The Board of Directors is the apex body that governs the overall functioning of the Company. The Board is committed towards compliance of sound principles of corporate governance. The Board provides guidance and advice to the Management on various aspects of business and plays a pivotal role in overseeing how the management serves the short and long-term interests of the members and other stakeholders. The Board's role, functions, responsibility and accountability are clearly defined in this regard.

The members of the Board hail from diverse backgrounds, skilled and experienced in areas like Banking, Finance, Entrepreneurship, Marketing, IT, Taxation, Consumer Behaviour Mapping as well as General Managerial aspects. Many of them have worked extensively in Senior Managements of global corporations and formed an in-depth understanding of the Indian business environment. The Managing Director & CEO and Executive Directors are assisted by the CFO, CS and Senior Managerial Personnel's in overseeing the functional matters of the Company.

The Board reviews its strength and composition from time to time to ensure that it remains aligned with statutory as well as business requirements.

### (b) Composition of the Board

The Board of Directors comprises professionals drawn from diverse fields, resulting in a wide range of skills and experience being brought to the Board. Further, none of the Independent Directors serve as a non-independent director of any company in which any of the Company's Non-Independent Director is an independent director. Furthermore, none of the Whole Time Directors of the Company serve as Independent Directors in more than three listed entities. During the Financial Year 2024-25, none of the Directors acted as a member in more than 10 committees or as a chairperson in more than 5 committees (committees being Audit Committee and Stakeholders Relationship Committee as per Regulation 26(1) of the SEBI LODR) across all listed entities where they serve as a director.

**(d) Information placed before the Board of Directors**

The Company has complied with Part A of Schedule II of SEBI (LODR) Regulations, 2015 read with Regulation 17(7) of the said regulations with regard to information being placed before the Board of Directors. The Board is presented with all the information as required under Regulation 17(7) of SEBI (LODR) Regulations, 2015, whenever applicable and materially significant. These are submitted either as a part of the agenda papers well in advance of the Board meetings or are tabled in the course of the Board meetings or meetings of the relevant committees. Functional heads are also called upon to provide additional inputs to the items being discussed by the Board/Committee, as and when required.

The Board quarterly reviews the compliance reports of all laws applicable to the Company.

**(e) Presentation by the management**

Before putting on record the annual financial results of the Company, a presentation is made before the Board on operations of the Company including performance of brands, international business, performance of subsidiary companies, initiatives taken for sales promotion and all other matters having impact on the business of the Company.

(f) **Succession plan:** The Board of Directors has satisfied itself that plans are in place for orderly succession for outgoing members of the Board of Directors and Senior Management Personnel.

The Company followed the guidelines as laid down in the IND-AS, prescribed by the Institute of Chartered Accountants of India (ICAI) & the Central Government for the preparation of the financial statements.

**(e) Whistle-blower mechanism**

The Company has a strong and effective whistleblower policy in place, which aims to deter and detect actual or suspected misconduct and the same is uploaded on the website of the Company at <https://sencogold.com/storage/files/R7eLtDA8tjoHHZrDbBMZAYiTUNdv1dcaHa1WMnHc.pdf>. It has been established to ensure that genuine concerns of misconduct/unlawful

conduct, which an individual believes may be taking place within the organization, are raised at an early stage in a responsible and confidential manner. The above mechanism was appropriately communicated within the Company, across levels, and was displayed on the Company's website.

This mechanism also provides for adequate safeguards against victimization of employees who avail of the mechanism. The Audit Committee is empowered to monitor the functioning of the mechanism. It reviews the status of complaints received under this policy. Further, during the financial year ended 31<sup>st</sup> March, 2025, no personnel have been denied access to the Audit Committee, in this regard.

**(f) Details of utilization of funds raised through preferential allotment or qualified institutions placement as specified under Regulation 32(7A) of SEBI LODR, 2015**

## 26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk, along with its financial implications, as per the following format:

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	Financial implications of the risk or opportunity (Indicate positive or negative implications)	
				In case of risk, approach to adapt or mitigate	In case of risk, approach to adapt or mitigate
1	Responsible Sourcing of Materials	Opportunity	The responsible sourcing of raw materials, including the selective use of recycled materials where feasible, supports resource conservation and helps the Company minimize its environmental impact. Ethical sourcing also fosters stronger supplier relationships and reinforces customer confidence in the brand.	The Company aims to progressively enhance its sourcing practices by encouraging the use of recycled and responsibly sourced materials, wherever feasible, with the objective of reducing reliance on finite resources.	Positive implications- Enhances supplier relationships, brand trust, and may optimize sourcing costs.
2.	Customer satisfaction	Opportunity	In a highly competitive jewellery market, a customer-centric approach supports brand loyalty, encourages repeat business, and strengthens the Company's market reputation.	The Company emphasizes personalized customer engagement, equips frontline employees through regular training, and utilizes customer relationship tools and feedback mechanisms to address queries and concerns in a timely manner.	Positive implications- Supports customer retention, repeat business, and revenue stability.
3.	Ethical Governance and Compliance	Opportunity	Effective governance frameworks enhance transparency, strengthen stakeholder confidence, support regulatory compliance, and contribute to sustainable long-term business performance	The Company maintains Board-level oversight on key governance matters, supported by regular training initiatives and robust audit and review mechanisms.	Positive implications- Lowers regulatory and reputational risks; supports long-term financial health.

4. GHG Emissions and Energy Management	Risk	Risk: Energy consumption in manufacturing and retail operations affects operational costs and contributes to indirect greenhouse gas (GHG) emissions – notably Scope 2 emissions from purchased electricity and Scope 3 emissions from transportation and supply chain activities	The Company continues to adopt energy-efficient practices such as LED lighting, optimized HVAC systems, and monitors energy usage across operations. Opportunities for low-emission transport and alternative energy sources are also being evaluated.	Negative Implications Increases operational costs; energy efficiency measures may partly offset.
5. Water Stewardship	Risk	Water usage in retail, office, and manufacturing operations presents a potential operational risk, especially in view of emerging climate-related water scarcity, which could lead to rising costs over time.	The Company promotes water conservation through measures such as installing low-flow fixtures, monitoring consumption, raising employee awareness, and implementing rainwater harvesting at select locations. These steps help optimize usage and support sustainability goals.	Negative Implications

If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to the Pollution Control Boards? If not, provide steps taken to address the same.

EPR is applicable to Senco Gold Limited under the Plastic Waste Management Rules, 2016 (as a Brand Owner). At present, the company is in the process of evaluating its EPR obligations and does not yet have a formal EPR waste collection plan submitted to the Pollution Control Board. Recognising the importance of responsible waste management, the company is taking steps towards aligning its practices with EPR regulations.

These steps include:

- Assessing plastic packaging usage across operations.
- Initiating the process for registration on the Central Pollution Control Board (CPCB) EPR portal.
- Identifying authorised recyclers for compliant waste management.
- Exploring sustainable and alternative packaging materials to reduce dependency on plastic.

Senco is committed to strengthening its compliance management and implementing a structured EPR plan in the coming financial year as part of the broader sustainability agenda.

**10. Health and safety management system:**

(a) Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage of such a system? – **No**

**(b) What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?**

Senco Gold operates in a relatively low-risk environment, primarily engaged in jewellery crafting and retail activities. While the nature of work is not manufacturing-intensive, the company has implemented a set of practical procedures to support safe and efficient operations. For non-routine tasks, teams rely on their operational experience to plan activities carefully and take necessary safety precautions. Basic safety measures, such as providing Personal Protective Equipment (PPE) like gloves and masks, are adopted based on the nature of the task. Additionally, fire protection, detection, and public address (PA) systems are installed across facilities and are maintained regularly to ensure they remain functional. These safety practices are aligned with the nature and scale of Senco Gold's operations and contribute to maintaining a safe and secure working environment.

**(c) Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N) – Yes.** At the manufacturing plant and stores, employees are encouraged to promptly report any work-related hazards to ensure a safe and responsive working environment. Communication is facilitated through commonly used internal channels that include all relevant team members, allowing for quick dissemination of information and timely action. In addition to these group-based communication methods, employees may also reach out directly to concerned personnel via phone or in person, depending on the urgency and nature of the issue. Key contact details are readily available to staff to support swift and effective communication. This approach enables efficient coordination and helps maintain ongoing awareness of safety-related matters across both the plant and retail locations.

**(d) Do the employees/workers of the entity have access to non-occupational medical and healthcare services?** (Yes/No) – Yes. In case employees are not feeling well for any reason, arrangements are in place for a doctor to visit the premises and conduct a medical check-up, as needed. Additionally, there is a hospital located within 1.5 km of the manufacturing facility, where employees can be taken in the event of a medical emergency, including non-occupational health concerns. These measures help ensure timely medical attention and support the well-being of employees on-site.

**11. Details of safety-related incidents, in the following format:**

**12. Describe the measures taken by the entity to ensure a safe and healthy workplace.**

The company adopts a practical approach to workplace safety and employee well-being, suited to the scale of its operations. Periodic wellness sessions and basic training programs are conducted to promote health awareness among employees. Informal safety briefings are occasionally held at the floor level, depending on operational needs.

Employees are encouraged to report any potential risks through available communication channels for timely attention. Basic protective equipment is provided where applicable, and access to medical support is arranged when required. These measures reflect the company's ongoing intent to maintain a safe and health-conscious work environment.

**Leadership Indicators**

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics, or if consultation is delegated, how is feedback from such consultations provided to the Board.

**The Company engages with diverse stakeholder groups—including investors, employees, customers, suppliers, and regulators—through structured mechanisms such as investor conferences, Gallup surveys, customer feedback initiatives, and supplier workshops. The frequency of these engagements varies by stakeholder group and may be quarterly, half-yearly, annually, or as required. Insights gathered from these interactions are reviewed by the relevant departments and, where appropriate, escalated to the Board or its Committees to support informed decision-making on economic, environmental, and social matters.**

2. Whether stakeholder consultation is used to support the identification and management of environmental and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

**Yes. Stakeholder consultations conducted at periodic, quarterly, and annual intervals play a key role in identifying and addressing environmental and social issues. For instance, customer feedback received through the company's website and surveys has contributed to enhancements in customer service offerings. Likewise, employee sentiment analysis and insights from Gallup surveys have informed the development of welfare initiatives and the refinement of internal policies.**

5. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Senco Gold Limited's in-house manufacturing operations contribute only a small portion of the overall jewellery production, with the majority of products crafted by external skilled artisans ("Karigars"). As a retail-focused business, the company does not engage in large-scale industrial processes that result in effluent generation. Water usage is limited to non-industrial purposes such as sanitation and cleaning, and the process does not produce any effluent that is hazardous or non-permissible under applicable regulations. Given the negligible discharge, the implementation of a Zero Liquid Discharge (ZLD) system is not required.

6. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 2024-25	FY 2023- 24
NOx	Not applicable as jewellery production operations do not involve any kind of heavy manufacturing or use of any materials that emit air pollutants.		
SOx			
Particulate matter (PM)	Additionally, Senco Gold Limited employs advanced air pollution control systems within its jewellery manufacturing units, specifically PP FRP (polypropylene and fiber-reinforced plastic) scrubbers. These scrubbers effectively neutralize and capture over 90% of airborne pollutants—including particles and acidic gases such as sulfuric, hydrochloric, and nitric acid—using neutralizing agents like urea. This highly efficient process ensures that the purified exhaust gases meet stringent environmental standards before release, resulting in negligible or non-reportable air emissions from operations.

8. Does the entity have any projects related to reducing Green House Gas emissions? If Yes, then provide details.

Senco Gold Limited has undertaken several initiatives to reduce its Greenhouse Gas (GHG) emissions, reflecting its commitment to environmental sustainability. The company has installed Variable Refrigerant Flow (VRF) air conditioning systems in four of its retail stores—Dehradun, Varanasi, Sonarpur, and Malda—which reduce the number of outdoor units required, thereby improving energy efficiency and lowering emissions.

To further reduce the environmental impact of its retail operations, Senco is shifting from conventional wall paints to more sustainable materials such as laminates and veneers for store interiors. The company has also adopted LED lighting across its facilities, significantly reducing overall energy consumption.

As part of its renewable energy efforts, Senco Gold has installed solar panels with a total capacity of 16.5 kWp at its Jadavpur store. This installation, completed at a cost of ₹6.45 lakhs, has already generated 8,470 units of electricity—contributing to reduced reliance on conventional energy sources and supporting the company's broader GHG emission reduction objectives.

9. Provide details related to waste management by the entity in the following format:

\* The increase can be attributed to the enhanced data recording and management practices implemented across all locations. These measures have improved the consistency and completeness of data received from all assets within the reporting boundary.

\*\* The numbers for hazardous waste for FY 2023-24 have been restated due to an error identified in reporting. The process mentioned under Principle 6, Essential Indicator, point 6, has been diligently followed since the inception of the factory in 2018.

Note: Indicate if any independent assessment/evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. – Yes, we have onboarded Below 2 Impact Solutions India Pvt Ltd. (Snowkap), as our sustainability and consulting advisory partner, to conduct an assessment of our waste management.

**10.** Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce the usage of hazardous and toxic chemicals in your products and processes, and the practices adopted to manage such wastes.

Senco Gold Limited follows responsible waste handling practices at its manufacturing units and retail stores to reduce environmental impact and ensure compliance with applicable norms. At the factory level, waste is separated into wet and dry categories, with daily disposal of dry waste through municipal channels and safe processing of e-waste through authorized recyclers. Stores also collect and dispose of dry waste materials such as plastic, paper, and cartons through local authorities. The company prioritizes the use of safe, non-toxic materials and continues to explore environmentally friendly alternatives to minimize the use of hazardous substances.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. - **NO**

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas, along with prevention and remediation activities. - **Not Applicable**

4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions/effluent discharge/waste generated, please provide details of the same as well as the outcome of such initiatives, as per the following format:

Sr. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along with a summary)	Outcome of the initiative
1	Installation of Solar Panels at Store Location	As part of the renewable energy adoption strategy, solar panels with a total capacity of 16.5 kWp were installed at the Jadavpur store during FY 2024–25. This initiative supports our commitment to reducing carbon emissions and enhancing energy efficiency.	Installation cost: ₹6.45 lakhs. Total energy generated in the FY2024-25 8,470 kWh.
2	Installation of VRF Outdoor AC Systems	VRF (Variable Refrigerant Flow) outdoor AC units have been installed in the four stores (Dehradun, Varanasi, Sonarpur, Malda) to optimize energy use and reduce the number of outdoor units.	Reduced energy consumption and lower carbon footprint due to fewer outdoor compressor units.
3	Reuse of Water Purifier Wastewater	At some stores, wastewater from water purifiers is collected and reused for utensil cleaning.	Promotes water conservation and reduces dependency on freshwater sources for non-potable cleaning purposes.
4	Transition to Sustainable Store Finishes	Senco is shifting from extensive painting work to the use of laminates and moving further towards veneers in store interiors for more environmentally friendly store executions.	Reduced use of VOC-emitting paints and enhanced use of eco-friendly materials, contributing to greener store designs.

## INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

6. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

## RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE STANDALONE FINANCIAL STATEMENTS

7. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

9. The Board of Directors is also responsible for overseeing the Company's financial reporting process.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

10. Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

**11.** As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

**12.** We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**13.** We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**14.** From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

**15.** As required by section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.

**16.** As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

17. Further to our comments in Annexure A, as required by section 143(3) of the Act based on our audit, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
- (b) Except for the matters stated in paragraph 17(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The standalone financial statements dealt with by this report are in agreement with the books of account;
- (d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
- (e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of section 164(2) of the Act;
- (f) The modification relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph 17(b) above on reporting under section 143(3)(b) of the Act and paragraph 17(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
- (g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2025 and the operating effectiveness of such controls, refer to our separate report in Annexure B wherein we have expressed an unmodified opinion; and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us :
  - (i) The Company, as detailed in note 45 to the standalone financial statements, has disclosed the impact of pending litigation on its financial position as at 31 March 2025;
  - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2025;
  - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2025;
  - (iv)
    - a. The management has represented that, to the best of its knowledge and belief, as disclosed in note 56(iv) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
    - b. The management has represented that, to the best of its knowledge and belief, as disclosed in note 56(v) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
    - c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

(v) The interim dividend declared and paid by the Company during the year ended 31 March 2025 and until the date of this audit report is in compliance with section 123 of the Act.

As stated in note 39 to the accompanying standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year ended 31 March 2025 which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend; and

(vi) As stated in note 55 to the standalone financial statements and based on our examination which included test checks, the Company, in respect of financial year commencing on 1 April 2024, has used an accounting software operated by a third-party software service provider for maintaining its books of account which has a feature of recording audit trail facility and the same has been operated throughout the year for all relevant transactions recorded in the software at the application level. In absence of an 'Independent Service Auditor's Assurance Report on the Description of Controls, their Design and Operating Effectiveness' ('Type 2 report' issued in accordance with SAE 3402, Assurance Reports on Controls at a Service Organization), we are unable to comment on whether audit trail feature of the said software was enabled and operated throughout the year for all relevant transactions or whether there were any instances of audit trail feature being tampered with at the database level. The audit trail has been preserved at the application level by the Company as per the statutory requirements for record retention. Further, due to absence of the Type 2 report, we are unable to comment on preservation of audit trail at the database level.

## Annexure A

Referred to in Paragraph 16 of the Independent Auditor's Report of even date  
to the members of **Senco Gold Limited** on the  
**Standalone Financial Statements**  
**for the year ended 31<sup>st</sup> March, 2025**

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work-in-progress and right-of-use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The property, plant and equipment, capital work-in-progress and relevant details of right-of-use assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of physical verification programme adopted by the Company, is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in note 5 to the standalone financial statements are held in the name of the Company, except for the following properties, for which the Company's management is in the process of getting the registration in the name of the Company:

Description of property	Gross carrying value (₹ in millions)	Held in name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in name of the Company
Building	6.94	Senco Gold Impex Private Limited	No	Since 14 March 2007 till date	Refer note (i)
Building	16.57	Senco Gold Private Limited	No	Since 06 December 2006 till date	Refer note (ii)

Note (i): Transferred as a result of merger of the said entity into the Company.

Note (ii): This property is held in the erstwhile name of the Company.

- (d) The Company has adopted cost model for its property, plant and equipment (including right-of-use assets) and intangible assets. Accordingly, reporting under clause 3(i)(d) of the order is not applicable to the company.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended) and rules made thereunder.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year, except for inventory lying with third parties. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed as compared to book records. In respect of inventory lying with third parties, these have substantially been confirmed by the third parties.

**(b)** As disclosed in note 53 to the standalone financial statements, the Company has been sanctioned a working capital limit in excess of ₹ 5 crores by banks based on the security of current assets. The quarterly statements, in respect of the working capital limits have been filed by the Company with such banks and such statements are in agreement with the books of account of the Company for the respective periods, except for the following:

(₹ in millions)

**Annexure B**

**Independent Auditor's Report** on the internal financial controls  
with reference to the **Standalone Financial Statements** under  
clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Senco Gold Limited (the 'Company') as at and for the year ended 31 March 2025, we have audited the internal financial controls with reference to standalone financial statements of the Company as at that date.

**RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE  
FOR INTERNAL FINANCIAL CONTROLS**

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

**AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE INTERNAL FINANCIAL  
CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS**

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

## MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## OPINION

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such controls were operating effectively as at 31 March 2025, based on internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### 1. Corporate information

The Standalone Financial Statements comprise the standalone balance sheet as at 31 March 2025, the standalone statement of profit and loss (including other comprehensive income), the standalone cash flow statement and the standalone statement of changes in equity for the year then ended, and notes to the standalone financial statements, including material accounting policy information other explanatory information (hereinafter collectively referred to as the 'standalone financial statements) of Senco Gold Limited (the 'Company') for the year ended 31 March 2025. The Company is a public company domiciled in India, with its registered office situated at 41A, Acharya Jagdish Chandra Bose Road, Diamond Prestige, 10th Floor, Kolkata, West Bengal - 700017, India. The Company has been incorporated under the provisions of the erstwhile Companies Act, 1956. The Corporate identification number of the Company is L36911WB1994PLC064637. The Company is engaged primarily in the business of manufacturing and trading of jewellery and articles made of gold, silver, diamond, platinum and other precious and semi precious stones.

### 2. (a) Application of new and revised Indian Accounting Standards (Ind AS)

All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the standalone financial statements are authorised, have been considered in preparing these Standalone Financial Statements.

### (b) Application of new accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended 31 March 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Group with effect from 1 April 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact on the Standalone Financial Statements.

### 3. Material accounting policies

#### 3.01 Overall consideration

These standalone financial statements have been prepared on going concern basis using the material accounting policies and measurement bases summarised below.

These accounting policies have been used consistently throughout all periods presented in the Standalone Financial Statements, unless otherwise stated.

#### 3.02 Statement of compliance

These standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ('the Act') and other relevant provisions of the Act (as amended).

The standalone financial statements were authorised for issue by the Company's Board of Directors on 29 May 2025. Revision, if any, to the financial statements is permitted by the Board of Directors after obtaining necessary approvals or at the instance of regulatory authorities as per provisions of the Act.

#### 3.03 Functional and presentation currency

These standalone financial statements are presented in Indian rupee (₹), which is the Company's functional currency. All amounts have been rounded off to the nearest million, unless otherwise stated.

**Senco Gold Limited****NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**3. Material accounting policies (cont'd)****3.04 Basis of measurement**

The standalone financial statements have been prepared on historical cost convention on the accrual basis, except for the following items:

Items	Measurement basis
Derivative assets/liabilities	Fair value
Certain financial assets and financial liabilities	Fair value
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

**3.05 Measurement of fair values**

Certain accounting policies and disclosures of the Company require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values. The management has overall responsibility for overseeing all significant fair value measurements and it regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then their valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

**Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2:** inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3:** inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. Further information about the assumptions made in measuring fair values is included in note 48.

Estimates and judgements are continuously evaluated. They are based on historical experience and other factors including expectation of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

**3.06 Operating cycle**

Based on the nature of operations, the Company has ascertained its operating cycle for the purpose of current and non-current classification of assets and liabilities as 12 months. Operating cycle is the time between the purchase of raw materials for processing or purchase of stock-in-trade and their realisation in cash or cash equivalents.

Senco Gold Limited

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**3. Material accounting policies (cont'd)****3.07 Property, plant and equipment and capital work-in-progress****Recognition and measurement**

Property, plant and equipment are carried at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. The cost of an item of property, plant and equipment comprises its purchase price and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

**Depreciation**

Depreciation in respect of all the assets is provided on written down value method over their useful lives, as estimated by the management. Useful lives so estimated are in line with the useful lives indicated by Schedule II of the Act except for lease hold building and lease hold improvements which have been depreciated over the useful lives or on the period of underlying lease agreement whichever is lower. Depreciation is charged on a pro-rata basis for assets purchased/sold during the year.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on the management evaluation the useful lives as given below best represent the period over which management expects to use these assets.

The estimated useful life of main category of property, plant and equipment are:-

Class of assets	Estimated useful life (years)
Freehold buildings	60 years
Plant and machinery	15 years
Furniture and fixtures	10 years
Office equipment	5 years
Vehicles	8 years

Leasehold improvements are amortised over their useful life or lease term, whichever is lower.

**Capital work-in-progress**

Expenditure incurred during the period of construction, including all direct and indirect expenses, incidental and related to construction, is carried forward and on completion, the costs are allocated to the respective property, plant and equipment. Capital work-in-progress also includes assets pending installation and not currently available for intended use.

**3.08 Intangible assets****Recognition and measurement**

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less accumulated amortisation and accumulated impairment loss, if any.

**Senco Gold Limited****NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**3. Material accounting policies (cont'd)****Subsequent expenditure**

Subsequent expenditures related to an item of intangible assets are added to its book value only if it is probable that future economic benefits associated with the item will flow to the enterprise and the cost of the item can be measured reliably.

**Amortisation**

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight line method, and is included in depreciation and amortisation in Statement of Profit and Loss.

Class of assets	Estimated useful life (years)
Computer software	5 years

Amortisation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

**3.09 Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**Initial recognition and measurement**

The Company recognises financial assets and liabilities when it becomes a party to the contractual provisions of the instrument.

Financial assets are recognised at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets that are not at fair value through profit or loss ('FVTPL') are added to the fair value on initial recognition.

Financial liabilities are classified as measured at amortised cost or ('FVTPL'). The fair value of a financial liability at initial recognition is normally the transaction price. A financial liability is classified as at FVTPL if it is classified as held for trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or Other Comprehensive Income. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income ('FVOCI').

In accordance with Ind AS 113 'Fair Value Measurement', the fair value of a financial liability with a demand feature is not less than the amount payable on demand, discounted from the first date that the amount could be required to be paid.

Senco Gold Limited

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**3. Material accounting policies (cont'd)**

The Company's financial liabilities include trade payables, other payables and loans and borrowings including bank overdrafts.

**(i) Non-derivative financial asset**

**Subsequent measurement**

***Financial assets at amortised cost***

A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Financial assets are measured at 'Fair value through other comprehensive income' (FVOCI) if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amounts are taken through OCI, except for the recognition of impairment gains or losses and interest income and foreign exchange gains and losses, which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets are included in other income using the effective interest rate method.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at 'Fair value through the statement of profit and loss' (FVPL).

***Investments in equity instruments of subsidiaries***

These are measured at cost in accordance with Ind AS 27 'Separate Financial Statements'.

***Investments in equity instruments of others***

These are measured at fair value through other comprehensive income ('FVOCI')

**De-recognition of financial assets**

A financial asset is de-recognised when the contractual rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

**(ii) Non-derivative financial liabilities**

**Subsequent measurement**

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

**De-recognition of financial liabilities**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same

lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

**(iii) Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

**(iv) Derivative financial instruments and hedge accounting**

The Company holds derivative financial instruments to hedge its exposures towards fluctuation in gold prices.

**Fair value hedge**

The Company designates non-derivative financial liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in commodity prices. Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Statement of Profit and Loss with an adjustment to the carrying value of the hedged item. The Company has designated the borrowings pertaining to gold taken on loan from banks ('unfixed gold') as a fair value hedge to the corresponding gold inventory purchased on loan.

**3.10 Inventories**

**Raw material:** Lower of cost or net realisable value. Cost is determined on weighted average basis. Cost of raw material comprises of cost of purchase, hedging gain or loss and other costs incurred in bringing the inventory to their present condition and location.

**Finished goods:** Lower of cost or net realisable value. Cost is determined on weight average basis, includes direct material and labour expenses and appropriate proportion of manufacturing overheads.

**Stock-in-trade:** Lower of cost or net realisable value. Cost is determined on weight average basis and comprises of cost of purchase and other costs incurred in bringing the inventory to their present condition and location.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale.

**3. Material accounting policies (cont'd)**

**3.11 Employee benefits**

The Company's obligations towards various employee benefits have been recognised as follows:

**Post employment benefits**

**(i) Short-term benefits**

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

**(ii) Defined contribution plans**

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes specified monthly contributions for employee provident fund to Government administered provident fund scheme, which are defined contribution plans. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the Statement of Profit and Loss in the years during which the related services are rendered by employees.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

**3.12 Revenue recognition**

**Revenue from sale of goods and rendering of services**

Revenue from contracts with customers (including franchisees) includes revenue for sale of goods and provision of services. Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company determines at contract inception whether each performance obligation will be satisfied (i.e. control will be transferred) over time or at a point in time.

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations may be satisfied at a point of time or over a period of time. Performance obligations satisfied over a period of time are recognised as per the term of relevant contractual agreements/ arrangements. Performance obligations are said to be satisfied at a point of time when the customer obtains controls of the asset.

Revenue is recognised based on the price specified in the contract, net of the estimated line discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. A contract liability is recognised for expected volume discounts payable to customers in relation to sales made until the end of the reporting period.

**Senco Gold Limited****NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**3. Material accounting policies (cont'd)**

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due, which are otherwise recorded as contract assets.

No significant element of financing is deemed present as the sales are made with a credit term only given to franchisee customers to an extent of 4 months, which is consistent with market practice. The Company's obligation to replace/ repair jewellerys under the standard terms is recognised as contract asset, refer note 13.

Upfront/one time fees/charges received from franchises at the time of entering into such agreement/contract is recognised as and when earned.

**Customer loyalty programme**

The Company has a customer loyalty programme for its customers. The Company grants loyalty points to customers as part of a sales transaction and customer referrals which allows them to accumulate and redeem those credit points and adjust them in future. The Company allocates a portion of the consideration received to loyalty points. This allocation is based on the relative stand-alone selling prices. The amount allocated to the loyalty programme is deferred, and is recognised as revenue when loyalty points are redeemed or the likelihood of the customer redeeming the loyalty points becomes remote.

**3.13 Leases****Company as a lessee – Right of use assets and lease liabilities**

A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

**Classification of leases**

The Company enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/purchase etc.

**Recognition and initial measurement of right of use assets**

At lease commencement date, the Company recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Company, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

**Subsequent measurement of right of use assets**

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### 3. Material accounting policies (cont'd)

#### *Lease liabilities*

At lease commencement date, the Company measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Company's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Company has elected to account for short-term leases using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these short-term leases are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Further, the Company has also elected to apply another practical expedient whereby it has assessed all the rent concessions occurring as a direct consequence of the COVID-19 pandemic, basis the following conditions prescribed under the standard:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- any reduction in lease payments affects only payments originally due on or before the 30 June 2022; and
- there is no substantive change to other terms and conditions of the lease.

If all the rent concessions meet the above conditions, then, the related rent concession has been recognised in the Statement of Profit and Loss.

#### 3.14 Borrowing cost

Borrowing cost includes interest expense as per effective interest rate (EIR). Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for its intended use or sale. All other borrowing costs are expensed in the year they occur.

#### 3.15 Taxes

Tax expense comprises current and deferred tax. Current and deferred tax is recognised in the Statement of Profit and Loss except to the extent that it relates to items recognised directly in equity or Other Comprehensive Income ('OCI').

The current income-tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period where the Company operates and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances

either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred tax is provided in full, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income-tax asset is realised or the deferred tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

#### 3.16 Cash and cash equivalents

Cash and cash equivalents include cash and cash-on-deposit with banks. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

#### 3.17 Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

#### 3.18 Earnings per equity share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

#### 3.19 Operating segment

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance. Based on such assessment, the Company currently has only one operating segment and two geographical segments viz. Domestic Market and International Market.

Senco Gold Limited

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**3. Material accounting policies (cont'd)****3.20 Provisions, contingent liabilities and contingent assets**

Provisions are recognized when the Company has a present (legal or constructive) obligation as a result of past events, for which it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions required to settle are reviewed regularly and are adjusted where necessary to reflect the current best estimates of the obligation. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed unless the likelihood of an outflow of resources is remote and there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

Contingent assets are disclosed only when inflow of economic benefits therefrom is probable and recognize only when realization of income is virtually certain.

**3.21 Material accounting judgments, estimates and assumptions****Use of estimates and judgements**

The preparation of financial statements requires management to make judgments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expenses and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. The estimates and management's judgments are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In order to enhance understanding of the financial statements, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the Standalone Financial Statements is as under:

Estimates and judgements are continuously evaluated. They are based on historical experience and other factors including expectation of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

**Useful lives of property, plant and equipment**

The Company uses its technical expert along with historical and industry trends for determining the economic life of an asset/component of an asset. The useful lives are reviewed by management periodically and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of the assets.

Under the terms of the related agreement, the lease period may be extended at the option of the lessee. Assets constructed on such leasehold properties are depreciated over their useful life or respective lease terms, whichever is lower.

### 3. Material accounting policies (cont'd)

#### Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using certain valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as volatility risk, credit risk and volatility.

#### Recognition of deferred tax assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income (supported by reliable evidence) against which the deferred tax assets can be utilized.

#### Evaluation of indicators for impairment of assets

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

#### Contingent liabilities

At each balance sheet date basis the management's judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

#### Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Leases ("Ind AS 116"). Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

**4. Other significant accounting policies**

**4.01 Current/non-current classification**

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

**Assets**

An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within 12 months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

**Liabilities**

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the Company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within 12 months after the reporting date; or
- (d) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

**4.02 Impairment**

**(i) Impairment of financial instruments: financial assets**

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets and the impairment methodology depends on whether there has been a significant increase in credit risk.

***Trade receivables***

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. Trade receivables does not have a significant financing component

**Senco Gold Limited****NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**4. Other significant accounting policies (cont'd)*****Other financial assets***

In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

***(ii) Impairment of non-financial assets***

Assessment is done at each balance sheet date as to whether there is any indication that an asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets and group of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount.

Recoverable amount is higher of an asset's or cash generating unit's selling price and its value in use. Value in use is the present value of estimated future cash flows expected to raise from continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognised for an assets in prior accounting years may no longer exist or may have decreased.

**4.03 Employee benefits*****Defined benefit plans***

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior years, discounting that amount and deducting the fair value of any plan assets. The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### 4. Other significant accounting policies (cont'd)

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in Other Comprehensive Income (OCI). The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the year by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the year as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in the Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

When the benefits of a plan are improved, the portion of the increased benefit related to past service by employees is recognised in Statement of Profit and Loss on a straight-line basis over the average period until the benefits become vested.

#### Other long-term employees benefits

The Company's net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurement gains or losses are recognised in profit or loss in the year in which they arise.

#### Compensated absences

The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilised wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences (which includes privilege leave and sick leave) in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method. Remeasurements gains and losses are recognised in the Statement of Profit and Losses in the year in which they arise.

#### 4.04 Foreign currency

##### *Functional and presentation currency*

Items included in the Standalone Financial Statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Standalone Financial Statements have been prepared and presented in Indian Rupees (INR), which is the Company's functional and presentation currency.

**Senco Gold Limited****NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**4. Other significant accounting policies (cont'd)*****Transactions and balances***

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the Statement of Profit and Loss in the year in which they arise.

**4.05 Recognition of dividend income and interest income**

Dividend income is recognised in the Statement of Profit and Loss on the date on which the Company's right to receive payment is established. Interest income or expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income, the interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

**4.06 Property, plant and equipment and capital work-in-progress*****Subsequent expenditure***

Subsequent expenditures related to an item of property, plant and equipment are added to its book value only if it is probable that future economic benefits associated with the item will flow to the enterprise and the cost of the item can be measured reliably.

***Derecognition***

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the Standalone Statement of Profit and Loss .

(Amount in ₹ millions, except otherwise stated)

**4. Other significant accounting policies (cont'd)****4.07 Accounting judgments, estimates and assumptions****Use of estimates and judgements****Defined benefit obligation ('DBO')**

Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

**Share based payment**

At the end of each period, the Company revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognizes the impact of the revision to original estimates, if any, in the Standalone Statement of Profit and Loss, with a corresponding adjustment to the equity.

**4.08 Share based payments - Employee stock option Scheme (ESOP's)**

The fair value of options granted under Employee Stock Option Plan is recognized as an employee benefits expense with a corresponding increase in the equity. The total amount to be expensed is determined by reference to the fair value of the options, derived using Black-Scholes model. The total expense is recognized over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognizes the impact of the revision to original estimates, if any, in the Statement of Profit and Loss, with a corresponding adjustment to the equity. Upon exercise of share options, the proceeds received are allocated to the share capital up to the par value of the shares issued with any excess being recorded as securities premium.

**4.09 Equity investment**

Equity investments in subsidiaries are measured at cost. The investments are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, policy for impairment of non-financial assets is followed.

**4.10 Share issue expenses**

Share issue expenses are adjusted against the Securities Premium Account as permissible under Section 52 of the Companies Act, 2013, to the extent any balance is available for utilisation in the Securities Premium Account. Share issue expenses in excess of the balance in the Securities Premium Account is expensed in the Standalone Statement of Profit and Loss.

**Notes:**

- (a) The Company as a lessee has obtained certain assets such as immovable properties on various leasing arrangements for the purposes of setting up of retail stores, work-shops and guest houses. With the exception of short-term leases and leases of low value underlying assets, each lease is reflected on the balance sheet as a right-to-use asset and a lease liability. Variable lease payment which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right-of-use assets. The Company has presented its right-of-use assets separately from other assets. Each lease generally imposes a restriction that unless there is a contractual right for the Company to sub-lease the asset to another party, the right-of-use asset can only be used by the Company. Some leases contain an option to extend the lease for a further term.
- (b) **Additional information on extension/ termination options:**  
Extension and termination options are included in a number of property lease arrangements of the Company. These are used to maximise operational flexibility in terms of managing the assets used in the Company's operations. The majority of extension and termination options held are exercisable based on consent of the Company.
- (c) There are no leases which are yet to commence as on 31 March 2025 (As on 31 March 2024: Nil).
- (d) **Lease payments, not included in measurement of liability**  
The Company has elected not to recognise a lease liability for short term leases (leases with an expected term of 12 months or less) or for leases of low value assets. Payments made under such leases are expensed on a straight-line basis. The expense relating to payments not included in the measurement of the lease liability is as follows:

FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**(b) Terms and rights attached to shares**
**Rights, preferences and restrictions attached to equity shares**

The Company has a single class of equity shares having face value of ₹ 5 each (31 March 2024: ₹ 10 each). Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

**Rights, preferences and restrictions attached to compulsorily convertible non-cumulative preference shares**

Compulsorily convertible non-cumulative preference shares were issued at par on 8 October 2014 and each share was convertible into one equity share of par value (31 March 2024: ₹ 10 each) at any time on or after 8 October 2014 but not later than 7 October 2034. The Board of Directors of the Company had the power to decide the appropriate mechanism for transfer/buy back of these shares, in case the same was exercised by the holder of such preference shares. The holders of these shares were entitled to a non-cumulative dividend of 0.01% of the face value of the preference shares. The holders of the preference shares were also entitled to participate in dividend and capital distributed by the Company over and above the preference dividend on as-is converted basis pari passu with the holders of the equity shares of the Company.

Preference shares carried a preferential right as to dividend over equity shareholders. Where dividend on preference shares was not declared for a financial year, the entitlement thereto in the case of non-cumulative preference shares for that year lapses. The preference shares were entitled to one vote per share at meetings of the Company on any resolutions of the Company directly affecting their rights as mentioned in their shareholder agreement. In the event of liquidation, preference shareholders had a preferential right over equity shareholders to be repaid to the extent of capital paid-up on such shares.

During the previous year ended 31 March 2024, all the compulsorily convertible non-cumulative preference shares had been converted to equity share capital.

**The description, nature and purpose of each reserve within other equity are as follows:**

- Security premium:** Security premium is credited when shares are issued at premium. It is utilised in accordance with the provisions of the Companies Act, 2013.
- General reserve:** The Company had transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the erstwhile provisions of the Companies Act, 1956. Consequent to the introduction of the Companies Act, 2013, there is no such requirement to mandatorily transfer a specified percentage of net profit to general reserve.
- Share based payment reserve:** This represents the fair value of the stock options granted by the Company, accumulated over the vesting period. The reserve will be utilised on exercise of the options.
- Special economic re-investment reserve:** It has been created for the purpose of acquiring machinery or plant which is put to use before the expiry of three years following the previous year in which the reserve was created.
- Retained earnings:** Retained earnings represents the profits earned by the Company till date, less any transfers to general reserve, appropriation, dividends or other distributions made to shareholders.
- Equity instruments through OCI:** The Company has elected to recognise changes in the fair value of certain investments in equity instruments in the other comprehensive income. These changes are accumulated within the equity instruments through OCI shown under the head other equity.

**40. Employee benefits**

**Defined contribution plans**

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund, which is a defined contribution plan. The Company has no obligations other than to make the specified contributions. The contributions are charged to the Statement of Profit and Loss as they accrue. The amount recognised as an expense towards contribution to Provident and Pension Fund for the year aggregated to ₹ 74.77 millions (31 March 2024: ₹ 58.94 millions)

**Defined benefit plans**

The Company operates one post-employment defined benefit plan (i.e., gratuity). The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive 15 days basic salary for each year of completed service at the time of retirement/exit. Gratuity scheme is funded by the plan assets.

**Senco Gold Limited**
**NOTES TO THE STANDALONE FINANCIAL STATEMENTS

(Amount in ₹ millions, except otherwise stated)

**Inherent risk**

The plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risk pertaining to the plan. In particular, this exposes the Company, to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to longevity risk.

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**(IX) Sensitivity analysis**

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligations by the amounts shown below:

	31 <sup>st</sup> March, 2025		31 <sup>st</sup> March, 2024	
	Increase	Decrease	Increase	Decrease
(a) Discount rate (0.50% movement)	(7.48)	8.44	(7.35)	8.43
(b) Future salary growth (0.50% movement)	7.97	(7.23)	8.01	(7.16)
(c) Attrition rate (0.50% movement)	(10.10)	20.94	(7.62)	14.47
(d) Mortality rate (10% movement)	(0.03)	0.03	(0.03)	0.03

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions as shown.

**(X) The Company is likely to contribute C 50.16 millions to its gratuity plan for the next year, as determined by an actuarial valuation carried out by an independent third party.**
**(XI) Risk exposure:**

Valuations are based on certain assumptions, which are dynamic in nature and may vary over time. As such valuations of the Company is exposed to follow risks -

- (a) **Salary increase:** Higher than expected increases in salary will increase the defined benefit obligation.
- (b) **Discount rate:** The defined benefit obligation calculated use a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.
- (c) **Mortality and disability:** If the actual deaths and disability cases are lower or higher than assumed in the valuation, it can impact the defined benefit obligation.
- (d) **Withdrawals:** If the actual withdrawals are higher or lower than the assumed withdrawals or there is a change in withdrawal rates at subsequent valuations, it can impact defined benefit obligation.

**44. Operating segments**
**A. Basis for segmentation**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Company's Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance.

The Company is engaged in the business of manufacture and sale of jewellery and other articles of various designs/specification based on customer's requirements. The Company's manufacturing facilities are located in India and products sold in the domestic and overseas market are manufactured in these facilities. Based on the dominant source and nature of risk and returns of the Company, its internal organisation and management structure and its system of internal financial reporting, business segment has been identified as the primary segment. The Company has only one business segment, viz., sale of jewellery and other articles.

**B. Measurement of fair values**
**Valuation techniques and significant unobservable inputs**

- (a) The fair value of cash and cash equivalents, bank balances other than cash and cash equivalents, trade receivables, trade payables and other financial assets and liabilities represents their carrying amount largely due to the short-term nature of these instruments.
- (b) Investments in equity instruments, other than in subsidiary Companies are classified as FVOCI. The carrying cost of unquoted equity instrument has been considered as an appropriate estimate of fair value in the current period. There are no such significant unobservable inputs used for the valuation technique.
- (c) In case of derivatives, the fair value is determined using quoted forward exchange rates at the reporting dates in the respective commodities and currencies. There are no such significant unobservable inputs used for the valuation technique.

**C. Level 3 fair values - Movement in the values of unquoted equity instruments**

The following table shows a reconciliation from the opening balance to the closing balance for Level 3 fair values.

Particulars	As at 31 March 2025	As at 31 March 2024
Balance as at the beginning of the year	1.45	1.27
<b>Fair value gain through Other Comprehensive Income:</b>		
- Net change in fair value (unrealised)	0.24	0.18
Balance as at the end of the year	<b>1.69</b>	<b>1.45</b>

**D. Risk management**

The Company's principal financial liabilities includes borrowings, gold metal loans, trade payable and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents and other financial assets that derive directly from its operations.

The Company's activities expose it to gold price volatility, credit risk, liquidity risk and market risk. The Company's primary risk management focus is to minimise potential adverse effects of market risk on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities.

**(i) Gold price volatility**

The Company manages gold price volatility by aligning purchase and sale prices and hedging inventory through unfixed gold metal loans and multi commodity exchange derivatives. This offsets inventory losses with derivative gains during price drops, and vice versa during price rise.

**(ii) Liquidity risk**

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's finance team is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

## (iii) Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates and interest rates - will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

## (a) Currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the United States of America Dollar ('USD') and British Pound Sterling ('Pound'). Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Company's functional currency.

Exposure to currency risk	Currency	31 March 2025	31 March 2024
Trade receivables (unhedged)	USD (in millions)	7.77	4.83
	INR	665.23	403.09
Trade payables (unhedged)	USD (in millions)	-	0.01
	Pound (in millions)	-	0.01
	INR	-	1.56

## Sensitivity analysis

A reasonably possible strengthening /weakening of the Indian Rupee against US dollars as at the reporting period would have affected the measurement of financial instruments denominated in US dollars and affects profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Particulars	31 March 2025		31 March 2024	
	Profit / (loss)	Equity (net of tax)	Profit / (loss)	Equity (net of tax)
INR/USD strengthening [5% movement]	33.26	24.89	20.08	15.02

**Senco Gold Limited**
**NOTES TO THE STANDALONE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**(iv) Credit risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans given. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to customers, including outstanding accounts receivables. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

In respect of trade and other receivables, the Company is not exposed to any significant credit risk exposure to any single counterparty or any Company of counterparties having similar characteristics. Trade receivables consist of a large number of customers. The Company has very limited history of customer default, and considers the credit quality of trade receivables that are not past due or impaired to be good.

The credit risk for cash and cash equivalents, bank deposits, loans and financial instruments is considered negligible, since the counterparties are reputable organisations with high quality external credit ratings.

The following tables provide information about the exposure to credit risk for trade receivables:

	less than 60 days	from 61 to 90 days	from 91 to 180 days	from 180 to 365 days	more than 365 days	Total
<b>As at 31 March 2025</b>	577.08	202.54	259.58	48.95	25.68	<b>1,113.83</b>
<b>As at 31 March 2024</b>	580.32	30.22	33.80	0.04	25.57	<b>669.95</b>

**(b) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term and short term borrowing with floating interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

The interest rate profile of the Company's interest bearing financial instruments at the end of the reporting period are as follows:

Particulars	31 March 2025	31 March 2024
<b>Fixed rate instruments</b>		
Financial assets	4,912.68	4,147.75
Financial liabilities	15.26	14.26
<b>Variable rate instruments</b>		
Financial liabilities	17,576.11	14,953.11
	<b>17,576.11</b>	<b>14,953.11</b>

**Sensitivity analysis**

Fixed rate instruments that are carried at amortised cost are not subject to interest rate risk for the purpose of sensitivity analysis.

A reasonably possible change of 100 basis points in variable rate instruments at the reporting dates would have increased or decreased profit or loss by the amounts shown below:

Particulars	Profit / (loss)	Equity (net of tax)	Profit / (loss)	Equity (net of tax)
	As at 31 March 2025		As at 31 March 2024	
Variable rate instruments - increase by 100 basis points (1%)	175.76	131.53	149.53	111.90
Variable rate instruments - decrease by 100 basis points (1%)	(175.76)	(131.53)	(149.53)	(111.90)

The sensitivity analysis above has been determined for borrowings assuming the amount of borrowings outstanding at the end of the reporting year was outstanding for the whole year.

## E. Hedging activity and derivatives

## Fair value hedge of gold price risk in inventory

The Company is exposed to fluctuations in gold price (including fluctuations in foreign currency) arising on purchase/ sale of gold and inventory of gold lying with the Company. To manage the variability in cash flows, the Company enters into derivative financial instruments to manage the risk associated with gold price fluctuations relating to the highly probable forecasted transactions. Such derivative financial instruments are primarily in the nature of future commodity contracts. The risk management strategy against gold price fluctuation also includes procuring gold on loan basis, with a flexibility to fix price of gold at anytime during the tenor of the loan.

The Company designates certain derivatives as hedging instruments in respect of commodity price risk in fair value hedges. As the value of the derivative instrument generally changes in response to the value of the hedged item, the economic relationship is established.

Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments, to ensure that an economic relationship exists between the hedged item and the hedging instrument. The Company enters into hedge relationships where the critical terms of the hedging instrument match exactly with the terms of the hedged item, and so a qualitative assessment of effectiveness is performed. If changes in circumstances affect the terms of the hedged item such that the critical terms no longer match exactly with the critical terms of the hedging instrument, the Company uses the hypothetical derivative method to assess effectiveness. The Company assesses the effectiveness of its designated hedges by using the same hedge ratio as that resulting from the quantities of the hedged item and the hedging instrument that the Company actually uses.

## Disclosures of effects of hedge accounting on balance sheet:

Commodity price risk	Carrying amount of hedge item		Carrying amount of hedging instrument			Balance sheet classification	Impact of change in fair value relating to the hedged risk (spot)

The Company regularly avails gold (metal) loans under the Gold (metal) Loans Scheme announced by the Reserve Bank of India, as per which physical delivery of gold inventory is received by the Company that is recorded as inventory with the corresponding loan balance disclosed under 'Borrowings' until the previous year-end. Given the materiality of the outstanding balances, and considering the specific purpose and terms of the financing/sourcing arrangement, including but not limited to, the short term tenure of the loans that is comparable to the credit period normally available in the industry with respect to purchase of gold metal inventory, the management has reclassed and presented the amount of outstanding gold metal loans as a separate line item in the balance sheet as at year-end, to achieve better presentation of the financial position of the Company in line with noted industry practices for similar transactions and balances. There is no impact on the Statement of Profit and loss due to this adjustment.

**55. Audit trail:**

The Ministry of Corporate Affairs (MCA) has prescribed a requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 inserted by the Companies (Accounts) Amendment Rules, 2021 requiring companies, which uses accounting software for maintaining its books of account, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled.

The Company has used accounting software for maintaining its books of account which has a feature of audit trail (edit log) facility and the same was enabled at the application level. During the year ended 31 March 2025, the Company has not enabled the feature of recording audit trail (edit log) at the database level for the said accounting software to log any direct data changes. Furthermore, the audit trail has been preserved by the Company as per the statutory requirements for record retention, where such feature is enabled.

**INDEPENDENT AUDITOR'S REPORT**

To the Members of  
**SENCO GOLD LIMITED**

**Report on the Audit of the  
Consolidated Financial Statements**

## OPINION

1. We have audited the accompanying consolidated financial statements of Senco Gold limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as listed in Annexure A, which comprise the Consolidated Balance Sheet as at 31 March 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at 31 March 2025, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

## BASIS FOR OPINION

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 15 of the Other Matter section below, is sufficient and appropriate to provide a basis for our opinion.

## KEY AUDIT MATTER

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matter described below to be the key audit matter to be communicated in our report.

## INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

6. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance..

## RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

7. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Holding Company's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act the respective Board of Directors of the companies included in the Group covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

9. Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

**10.** Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

**11.** As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the consolidated financial statements, of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

**12.** We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**13.** We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

**14.** From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## OTHER MATTER

**15.** We did not audit the financial statements of two subsidiaries, whose financial statements reflect total assets of ₹ 655.04 million as at 31 March 2025, total revenues of ₹ 2,003.49 million and net cash inflows amounting to ₹ 54.85 million for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose report have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiaries, are based solely on the reports of the other auditors.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matter with respect to our reliance on the work done by and the reports of the other auditors.

## REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

**16.** As required by section 197(16) of the Act, based on our audit and on the consideration of the reports of the other auditors, referred to in paragraph 15, on separate financial statements of the subsidiaries, we report that the Holding Company, whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that two subsidiaries incorporated in India whose financial statements have been audited under the Act have not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable in respect of such subsidiaries.

**17.** As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports till date by us issued by us and by the respective other auditors as mentioned in paragraph 15 above, of companies included in the consolidated financial statements for the year ended 31 March 2025 and covered under the Act we report that:

**(a)** Following are the qualifications/adverse remarks reported by us and the other auditors in the Order reports of the companies included in the consolidated financial statements for the year ended 31 March 2025 for which such Order reports have been issued till date and made available to us:

3.	Senco Gold Artisanship Private Limited	U36900WB2020PTC240498	Subsidiary Company	3(i)(c)

18. As required by section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the subsidiaries, incorporated in India whose financial statements have been audited under the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) Except for the matter stated in paragraph 18(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
- (c) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;
- (e) On the basis of the written representations received from the directors of the Holding Company, and its subsidiaries and taken on record by the Board of Directors of the Holding Company and its subsidiaries respectively, and the reports of the statutory auditors of its subsidiaries covered under the Act, none of the directors of the Holding Company, its subsidiaries, are disqualified as on 31 March 2025 from being appointed as a director in terms of section 164(2) of the Act.
- (f) The modification relating to the maintenance of accounts and other matters connected therewith with respect to the consolidated financial statements are as stated in paragraph 18(b), above on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
- (g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and its subsidiaries covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure B' wherein we have expressed an unmodified opinion; and;
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and other financial information of the subsidiaries, incorporated in India whose financial statements have been audited under the Act:
  - (i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group as detailed in Note 46 to the consolidated financial statements;
  - (ii) The Holding Company, and its subsidiaries did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2025;
  - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiaries during the year ended 31 March 2025;
  - (iv) a. The respective managements of the Holding Company and its subsidiaries incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief as disclosed in note 56(iv) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its subsidiaries to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or any such subsidiaries ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;

- b. The respective managements of the Holding Company and its subsidiaries incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief as disclosed in the note 56(v) to the accompanying consolidated financial statements, no funds have been received by the Holding Company or its subsidiaries from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, or any such subsidiaries shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures performed by us and that as performed by the auditors of the subsidiaries considered reasonable and appropriate in the circumstances, nothing has come to our or the other auditors' notice that has caused us or the other auditors to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.

(v) The Subsidiaries have not declared or paid any dividend during the year ended 31 March 2025. The interim dividend declared and paid by the Holding Company during the year ended 31 March 2025 and until the date of this audit report is in compliance with section 123 of the Act. As stated in note 40 to the accompanying consolidated financial statements, the Board of Directors of the Holding Company have proposed final dividend for the year ended 31 March 2025 which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

(vi) As stated in Note 55 to the consolidated financial statements and based on our examination which included test checks and that performed by the respective auditors of the subsidiaries, the Holding Company and its subsidiaries, in respect of financial year commencing on 1 April 2024, have used an accounting software operated by a third-party software service provider for maintaining their books of account which has a feature of recording audit trail facility and the same has been operated throughout the year for all relevant transactions recorded in the software at the application level. In absence of an 'Independent Service Auditor's Assurance Report on the Description of Controls, their Design and Operating Effectiveness' ('Type 2 report' issued in accordance with SAE 3402, Assurance Reports on Controls at a Service Organization), we and respective auditors of the above referred subsidiaries are unable to comment on whether audit trail feature of the said software was enabled and operated throughout the year for all relevant transactions or whether there were any instances of audit trail feature being tampered with at the database level. The audit trail(s) have been preserved at the application level by the Holding Company and its subsidiaries as per the statutory requirements for record retention. Further, due to absence of the Type 2 report, we and respective auditors of the above referred subsidiaries are unable to comment on preservation of audit trail at the database level.

## Annexure B

**Independent Auditor's Report** on the internal financial controls  
with reference to **Financial Statements** under  
Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Senco Gold Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as at and for the year ended 31 March 2025, we have audited the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company, which are companies covered under the Act, as at that date.

### **RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR INTERNAL FINANCIAL CONTROLS**

2. The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the respective entities considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### **AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS**

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in the other matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiaries companies, as aforesaid.

## MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## OPINION

8. In our opinion, and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of the subsidiary companies, the Holding Company and its subsidiary companies, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2025, based on the internal financial control with reference to financial statements criteria established by the respective entities considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

## OTHER MATTER

9. We did not audit the internal financial controls with reference to financial statements insofar as it relates to one subsidiary company, which is a company covered under the Act, whose financial statements reflect total assets of ₹ 129.52 million and net assets of ₹ 43.56 million as at 31 March 2025, total revenues of ₹ 1.14 million and net cash inflows amounting to ₹ 31.38 million for the year ended on that date, as considered in the consolidated financial statements. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary company, have been audited by other auditor whose report has been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company and its subsidiary companies, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary company is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditor.

**2. (a) Application of new and revised Indian Accounting Standards (Ind AS)**

All the Ind AS issued and notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 (as amended) till the Consolidated Financial Statements are authorised, have been considered in preparing these Consolidated Financial Statements.

**(b) Application of new accounting pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. During the year ended 31 March 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Group with effect from 1 April 2024. The Group has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact on the Consolidated Financial Statements.

Further MCA has notified amendment in Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, with respect to lack of exchangeability and this will be applicable to the Group for reporting periods beginning on or after 1 April 2025.

### 3. Principles of consolidation

#### Subsidiary

A subsidiary is an entity over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Consolidated Financial Statements have been prepared in accordance with Ind AS 110 'Consolidated Financial Statements' and on the basis of separate audited financial statements of the Holding Company and its subsidiary.

The Consolidated Financial Information of the Group are combined on a line-by-line basis by adding together book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealised profits or loss in accordance with Ind AS 110.

The subsidiary has a consistent reporting date of the balance sheet of the Holding Company.

Non-controlling interests, if any, in the results and equity of subsidiary companies is shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and Consolidated Statement of Asset and Liabilities.

### 4. Material accounting policies

#### 4.01 Overall consideration

These Consolidated Financial Statements have been prepared on a going concern basis using the significant accounting policies and measurement bases as summarised below.

These accounting policies have been consistently used throughout all the years, presented in the Consolidated Financial Information, unless otherwise stated.

#### 4.02 Statement of compliance

These Consolidated Financial Statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ('the Act') and other relevant provisions of the Act (as amended).

The Consolidated Financial Statements were authorised for issue by the Holding Company's Board of Directors on 29 May 2025. Revision, if any, to the financial statements is permitted by the Board of Directors after obtaining necessary approvals or at the instance of regulatory authorities as per provisions of the Act.

#### 4.03 Functional and presentation currency

The Consolidated Financial Information are presented in Indian rupee (₹), which is the Group's functional currency. All amounts have been rounded off to the nearest millions, unless otherwise stated.

#### 4.04 Basis of measurement

The Consolidated Financial Information have been prepared on historical cost convention on accrual basis, except for the following items:

Items	Measurement basis
Derivative assets/liabilities	Fair value
Certain financial assets and financial liabilities	Fair value
Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### 4.05 Measurement of fair values

Certain accounting policies and disclosures of the Group require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Group has an established control framework with respect to the measurement of fair values. The management has overall responsibility for overseeing all significant fair value measurements and it regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then their valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

**Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2:** inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3:** inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement. The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred. Further information about the assumptions made in measuring fair values is included in note 48.

Estimates and judgements are continuously evaluated. They are based on historical experience and other factors including expectation of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

### 4.06 Operating cycle

Based on the nature of operations, the Group has ascertained its operating cycle for the purpose of current and non-current classification of assets and liabilities as 12 months. Operating cycle is the time between the purchase of raw materials for processing or purchase of stock-in-trade and their realisation in cash or cash equivalents.

### 4.07 Property, plant and equipment and capital work-in-progress

#### Recognition and measurement

Property, plant and equipment are carried at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. The cost of an item of property, plant and equipment comprises its purchase price and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use; any trade discounts and rebates are deducted in arriving at the purchase price.

#### Depreciation

Depreciation in respect of all the assets is provided on written down value method over their useful lives, as estimated by the management. Useful lives so estimated are in line with the useful lives indicated

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

by Schedule II of the Act except for lease hold building and lease hold improvements which have been depreciated over the useful lives of the assets or the period of underlying lease agreement, whichever is lower. Depreciation is charged on a pro-rata basis for assets purchased/sold during the year.

Depreciation method, useful lives and residual values are reviewed at each financial period-end and adjusted if appropriate. Based on the management evaluation the useful lives as given below best represents the period over which management expects to use these assets.

The estimated useful life of main category of property plant and equipment are:-

Class of assets	Estimated useful life (years)
Freehold buildings	60 years
Plant and machinery	15 years
Furniture and fixtures	10 years
Office equipment	5 years
Vehicles	8 years

Leasehold improvements are amortised over their useful life or lease term, whichever is lower.

### Capital work-in-progress

Expenditure incurred during the period of construction, including all direct and indirect expenses, incidental and related to construction, is carried forward and on completion, the costs are allocated to the respective property, plant and equipment. Capital work-in-progress also includes assets pending installation and not currently available for intended use.

## 4.08 Intangible assets

### Recognition and measurement

Intangible assets that are acquired by the Group are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less accumulated amortisation and accumulated impairment loss, if any.

### Subsequent expenditure

Subsequent expenditures related to an item of intangible assets are added to its book value only if it is probable that future economic benefits associated with the item will flow to the enterprise and the cost of the item can be measured reliably.

### Amortisation

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives using the straight line method, and is included in depreciation and amortisation in the Consolidated Statement of Profit and Loss.

Class of assets	Estimated useful life (years)
Computer software	5 years

Amortisation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

(Amount in ₹ millions, except otherwise stated)

### 4.09 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### Initial recognition and measurement

The Group recognises financial assets and liabilities when it becomes a party to the contractual provisions of the instrument.

Financial assets are recognised at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets that are not at fair value through profit or loss ('FVTPL') are added to the fair value on initial recognition.

Financial liabilities are classified as measured at amortised cost or ('FVTPL'). The fair value of a financial liability at initial recognition is normally the transaction price. A financial liability is classified as at FVTPL if it is classified as held for trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in the Consolidated Statement of Profit and Loss or Other Comprehensive Income. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income ('FVOCI').

In accordance with Ind AS 113 'Fair Value Measurement', the fair value of a financial liability with a demand feature is not less than the amount payable on demand, discounted from the first date that the amount could be required to be paid.

The Company's financial liabilities include trade payables, other payables and loans and borrowings including bank overdrafts.

#### (i) Non-derivative financial asset

##### Subsequent measurement

###### Financial assets at amortised cost

A 'financial asset' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Financial assets are measured at 'Fair value through other comprehensive income' (FVOCI) if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amounts are taken through OCI, except for the recognition of impairment gains or losses and interest income and foreign exchange gains and losses, which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at 'Fair value through the statement of profit and loss' (FVPL).

### *Investments in equity instruments of others*

These are measured at fair value through other comprehensive income ('FVOCI')

### **De-recognition of financial assets**

A financial asset is de-recognised when the contractual rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

#### **(ii) Non-derivative financial liabilities**

##### **Subsequent measurement**

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

##### **De-recognition of financial liabilities**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Consolidated Statement of Profit and Loss.

#### **(iii) Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

#### **(iv) Derivative financial instruments and hedge accounting**

The Group holds derivative financial instruments to hedge its exposures towards fluctuation in gold prices.

##### **Fair value hedge**

The Group designates non-derivative financial liabilities as hedging instruments to mitigate the risk of change in fair value of hedged item due to movement in commodity prices. Changes in the fair value of hedging instruments and hedged items that are designated and qualify as fair value hedges are recorded in the Consolidated Statement of Profit and Loss with an adjustment to the carrying value of the hedged item. The Group has designated the borrowings pertaining to gold taken on loan from banks ('unfixed gold') as a fair value hedge to the corresponding gold inventory purchased on loan.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### 4.10 Inventories

Raw material - Lower of cost or net realisable value. Cost is determined on weighted average basis. Cost of raw material comprises of cost of purchase and other costs incurred in bringing the inventory to their present condition and location.

Finished goods - Lower of cost or net realisable value. Cost is determined on weighted average basis, includes direct material and labour expenses and appropriate proportion of manufacturing overheads.

Stock-in-trade - Lower of cost or net realisable value. Cost is determined on weighted average basis and comprises of cost of purchase and other costs incurred in bringing the inventory to their present condition and location.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale.

### 4.11 Employee benefits

The Group's obligations towards various employee benefits have been recognised as follows:

#### Post employment benefits

##### (i) Short-term benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

##### (ii) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. The Group makes specified monthly contributions for employee provident fund to Government administered provident fund scheme, which are defined contribution plans. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the Consolidated Statement of Profit and Loss in the periods during which the related services are rendered by employees.

Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

### 4.12 Revenue recognition

#### Revenue from sale of goods and rendering of services

(Revenue from contracts with customers (including franchisees)) includes revenue for sale of goods and provision of services. Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group determines at contract inception whether (each performance obligation will be satisfied (i.e. control will be transferred) over time or at a point in time.)

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

Revenue from contract with customers is recognised when the Group satisfies performance obligation by transferring promised goods and services to the customer. Performance obligations may be satisfied at a point of time or over a period of time. Performance obligations satisfied over a period of time are recognised as per the term of relevant contractual agreements/arrangements. Performance obligations are said to be satisfied at a point of time when the customer obtains controls of the asset.

Revenue is recognised based on the price specified in the contract, net of the line discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. A contract liability is recognised for expected discounts as per Ind AS 115, payable to customers in relation to sales made until the end of the reporting period.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due, which are otherwise recorded as contract assets.

No significant element of financing is deemed present as the sales are made with a credit term only given to franchisee customers to an extent of 4 months, which is consistent with market practice. The Group's obligation to replace/repair jewelleries under the standard terms is recognised as contract asset, refer note 14.

Upfront/one time fees/charges received from franchises at the time of entering into such agreement/contract is recognised as and when earned.

### **Customer loyalty programme**

The Group has a customer loyalty programme for its customers. The Group grants loyalty points to customers as part of a sales transaction and customer referrals which allows them to accumulate and redeem those credit points and adjust them in future. The Group allocates a portion of the consideration received to loyalty points. This allocation is based on the relative stand-alone selling prices. The amount allocated to the loyalty programme is deferred, and is recognised as revenue when loyalty points are redeemed or the likelihood of the customer redeeming the loyalty points becomes remote.

### **4.13 Leases**

#### **Group as a lessee – Right of use assets and lease liabilities**

A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

#### **Classification of leases**

The Group enters into leasing arrangements for various assets. The assessment of the lease is based on several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to extend/purchase etc.

#### **Recognition and initial measurement of right of use assets**

At lease commencement date, the Group recognises a right-of-use asset and a lease liability on the balance sheet. The right-of-use asset is measured at cost, which is made up of the initial measurement of the lease liability, any initial direct costs incurred by the Group, an estimate of any costs to dismantle and remove the asset at the end of the lease (if any), and any lease payments made in advance of the lease commencement date (net of any incentives received).

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### ***Subsequent measurement of right of use assets***

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist.

### ***Lease liabilities***

At lease commencement date, the Group measures the lease liability at the present value of the lease payments unpaid at that date, discounted using the interest rate implicit in the lease if that rate is readily available or the Group's incremental borrowing rate. Lease payments included in the measurement of the lease liability are made up of fixed payments (including in substance fixed payments) and variable payments based on an index or rate. Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset.

The Group has elected to account for short-term leases using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these short-term leases are recognised as an expense in the Consolidated Statement of Profit and Loss on a straight-line basis over the lease term.

Further, the Group has also elected to apply another practical expedient whereby it has assessed all the rent concessions occurring as a direct consequence of the COVID-19 pandemic, basis the following conditions prescribed under the standard:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- any reduction in lease payments affects only payments originally due on or before the 30 June 2022 and
- there is no substantive change to other terms and conditions of the lease.

If all the rent concessions meet the above conditions, then, the related rent concession has been recognised in the Consolidated Statement of Profit and Loss.

### **4.14 Borrowing cost**

Borrowing cost includes interest expense as per effective interest rate (EIR). Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for its intended use or sale. All other borrowing costs are expensed in the period they occur.

### **4.15 Taxes**

Tax expense comprises current and deferred tax. Current and deferred tax is recognised in the Consolidated Statement of Profit and Loss except to the extent that it relates to items recognised directly in equity or Other Comprehensive Income ('OCI').

The current income-tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period where the Holding Company and its subsidiaries operates

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

respectively and generates taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred tax is provided in full, on temporary differences arising between the tax base of assets and liabilities and their carrying amounts in the Consolidated Financial Statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

### **4.16 Cash and cash equivalents**

Cash and cash equivalents include cash and cash-on-deposit with banks. The Group considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

### **4.17 Cash flow statement**

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

### **4.18 Earnings per equity share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### **4.19 Operating segment**

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, and for which discrete financial Statement is available. All operating segments' operating results are reviewed regularly by the Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance. Based on such assessment, the Group currently has only one operating segment and two geographical segments viz. Domestic Market and International Market.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### 4.20 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Group has a present (legal or constructive) obligation as a result of past events, for which it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Provisions required to settle are reviewed regularly and are adjusted where necessary to reflect the current best estimates of the obligation. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed unless the likelihood of an outflow of resources is remote and there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

Contingent assets are disclosed only when inflow of economic benefits therefrom is probable and recognize only when realization of income is virtually certain.

### 4.21 Material Accounting judgments, estimates and assumptions

#### Use of estimates and judgements

The preparation of Consolidated Financial Statement requires management to make judgments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expenses and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. The estimates and management's judgments are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In order to enhance understanding of the financial statements, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the Consolidated Financial Statement is as under:

Estimates and judgements are continuously evaluated. They are based on historical experience and other factors including expectation of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

#### Useful lives of property, plant and equipment

The Group uses its technical expert along with historical and industry trends for determining the economic life of an asset/component of an asset. The useful lives are reviewed by management periodically and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of the assets.

Under the terms of the related agreement, the lease period may be extended at the option of the lessee. Assets constructed on such leasehold properties are depreciated over their useful life or respective lease terms, whichever is lower.

#### Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using certain valuation

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as volatility risk, credit risk and volatility.

### Recognition of deferred tax assets

The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Group's future taxable income (supported by reliable evidence) against which the deferred tax assets can be utilized.

### Evaluation of indicators for impairment of assets

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

### Contingent liabilities

At each balance sheet date basis the management's judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

### Leases

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of leases ('Ind AS 116'). Identification of a lease requires significant judgment. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

## 5. Other significant accounting policies

### 5.01 Current/non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Act.

### Assets

An asset is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is expected to be realised within 12 months after the reporting date; or
- (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets.

All other assets are classified as non-current.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (a) it is expected to be settled in the Group's normal operating cycle;
- (b) it is held primarily for the purpose of being traded;
- (c) it is due to be settled within 12 months after the reporting date; or
- (d) the Group does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

### 5.02 Impairment

#### (i) Impairment of financial instruments: financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its financial assets and the impairment methodology depends on whether there has been a significant increase in credit risk.

#### *Trade receivables*

In respect of trade receivables, the Group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. Trade receivables does not have a significant financing component.

#### *Other financial assets*

In respect of its other financial assets, the Group assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Group measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Group uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Group compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Group assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

#### (ii) Impairment of non-financial assets

Assessment is done at each balance sheet date as to whether there is any indication that an asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other

assets and group of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount.

Recoverable amount is higher of an asset's or cash generating unit's selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

### 5.03 Employee benefits

#### Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan.

The Group's gratuity benefit scheme is a defined benefit plan. The Group's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets. The calculation of defined benefit obligation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan ('the asset ceiling'). In order to calculate the present value of economic benefits, consideration is given to any minimum funding requirements.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in Other Comprehensive Income (OCI). The Group determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the Consolidated Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service ('past service cost' or 'past service gain') or the gain or loss on curtailment is recognised immediately in Consolidated Statement of Profit and Loss. The Group recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

When the benefits of a plan are improved, the portion of the increased benefit related to past service by employees is recognised in Consolidated Statement of Profit and Loss on a straight-line basis over the average period until the benefits become vested.

#### Other long-term employees benefits

The Group's net obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method. Remeasurement gains or losses are recognised in profit or loss in the period in which they arise.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### Compensated absences

The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilised wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Group records an obligation for such compensated absences (which includes privilege leave and sick leave) in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method. Remeasurements gains and losses are recognised in the Consolidated Statement of Profit and Loss in the period in which they arise. The Group has classified all the compensated absence as current as all liability if arises shall be payable is 12 months.

### 5.04 Foreign currency

#### *Functional and presentation currency*

Items included in the Consolidated Financial Statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Consolidated Financial Statement have been prepared and presented in Indian Rupees (INR), which is the Group's functional and presentation currency.

#### *Transactions and balances*

Foreign currency transactions are recorded in the functional currency, by applying to the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognized in the Consolidated Statement of Profit and Loss in the year in which they arise.

### 5.05 Recognition of dividend income and interest income

Dividend income is recognised in the Consolidated Statement of Profit and Loss on the date on which the Group's right to receive payment is established. Interest income or expense is recognised using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income, the interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability.

### 5.06 Property, plant and equipment and capital work-in-progress

#### *Subsequent expenditure*

Subsequent expenditures related to an item of property, plant and equipment are added to its book value only if it is probable that future economic benefits associated with the item will flow to the enterprise and the cost of the item can be measured reliably.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### Derecognition

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the Consolidated Statement of Profit and Loss.

### 5.07 Accounting judgments, estimates and assumptions

#### Use of estimates and judgements

##### Defined benefit obligation ('DBO')

Management's estimate of the DBO is based on a number of underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

##### Share based payment

At the end of each period, the Group revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognizes the impact of the revision to original estimates, if any, in the Consolidated Statement of Profit and Loss, with a corresponding adjustment to the equity.

### 5.08 Equity investment

Equity investments in subsidiaries are measured at cost. The investments are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, policy for impairment of non-financial assets is followed.

### 5.09 Share based payments - Employee Stock Option Scheme (ESOP's)

The fair value of options granted under the employee stock option plan is recognized as an employee benefits expense with a corresponding increase in the equity. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognized over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the Group revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognizes the impact of the revision to original estimates, if any, in the Consolidated Statement of Profit and Loss, with a corresponding adjustment to the equity. Upon exercise of share options, the proceeds received are allocated to the share capital up to the par value of the shares issued with any excess being recorded as securities premium.

### 5.10 Share issue expenses

Share issue expenses are adjusted against the Securities Premium Account as permissible under Section 52 of the Companies Act, 2013, to the extent any balance is available for utilisation in the Securities Premium Account. Share issue expenses in excess of the balance in the Securities Premium Account is expensed in the Consolidated Statement of Profit and Loss.

## Notes:

- (a) The Group as a lessee has obtained certain assets such as immovable properties on various leasing arrangements for the purposes of setting up of retail stores, work-shops and guest houses. With the exception of short-term leases and leases of low value underlying assets, each lease is reflected on the balance sheet as a right-to-use asset and a lease liability. Variable lease payment which do not depend on an index or a rate are excluded from the initial measurement of the lease liability and right-of-use assets. The Group has presented its right-of-use assets separately from other assets. Each lease generally imposes a restriction that unless there is a contractual right for the Group to sub-lease the asset to another party, the right-of-use asset can only be used by the Group. Some lease contain an option to extend the lease for a further term.
- (b) **Additional information on extension/termination options:**  
Extension and termination options are included in a number of property lease arrangements of the Group. These are used to maximise operational flexibility in terms of managing the assets used in the Group's operations. The majority of extension and termination options held are exercisable are based on consent of the Group.
- (c) There are no leases which are yet to commence as on 31 March 2025 (As on 31 March 2024: Nil).
- (d) **Lease payments, not included in measurement of liability**  
The Group has elected not to recognise a lease liability for short term leases (leases with an expected term of 12 months or less) or for leases of low value assets. Payments made under such leases are expensed on a straight-line basis. The expense relating to payments not included in the measurement of the lease liability is as follows:

## **NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025**

(Amount in ₹ millions, except otherwise stated)

**(b) Terms and rights attached to shares**

**Rights, preferences and restrictions attached to equity shares**

The Holding Company has a single class of equity shares having face value of ₹ 5 each (31 March 2024: ₹ 10 each). Accordingly, all equity shares rank equally with regard to dividends and share in the Holding Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Holding Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Holding Company, the holders of equity shares will be entitled to receive the residual assets of the Holding Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

**Rights, preferences and restrictions attached to compulsorily convertible non-cumulative preference shares**

Compulsorily convertible non-cumulative preference shares were issued at par on 8 October 2014 and each share was convertible into one equity share of par value (31 March 2024: ₹ 10 each) at any time on or after 8 October 2014 but not later than 7 October 2034. The Board of Directors of the Holding Company had the power to decide the appropriate mechanism for transfer/buy back of these shares, in case the same was exercised by the holder of such preference shares. The holders of these shares were entitled to a non-cumulative dividend of 0.01% of the face value of the preference shares. The holders of the preference shares were also entitled to participate in dividend and capital distributed by the Holding Company over and above the preference dividend on as-if converted basis pari passu with the holders of the equity shares of the Holding Company.

Preference shares carried a preferential right as to dividend over equity shareholders. Where dividend on preference shares was not declared for a financial year, the entitlement thereto in the case of non-cumulative preference shares for that year lapses. The preference shares were entitled to one vote per share at meetings of the Holding Company on any resolutions of the Holding Company directly affecting their rights as mentioned in their shareholder agreement. In the event of liquidation, preference shareholders had a preferential right over equity shareholders to be repaid to the extent of capital paid-up on such shares.

During the previous year ended 31 March 2024, all the compulsorily convertible non-cumulative preference shares had been converted to equity share capital.

**The description, nature and purpose of each reserve within other equity are as follows:**

- (a) **Security premium:** Security premium is credited when shares are issued at premium. It is utilised in accordance with the provisions of the Companies Act, 2013.
- (b) **General reserve:** The Group had transferred a portion of the net profit of the Group before declaring dividend to general reserve pursuant to the erstwhile provisions of the Companies Act, 1956. Consequent to the introduction of the Companies Act, 2013, there is no such requirement to mandatorily transfer a specified percentage of net profit to general reserve.
- (c) **Share based payment reserve:** This represents the fair value of the stock options granted by the Group, accumulated over the vesting period. The reserve will be utilised on exercise of the options.
- (d) **Special economic re-investment reserve:** It has been created for the purpose of acquiring machinery or plant which is put to use before the expiry of three years following the previous year in which the reserve was created.
- (e) **Retained earnings:** Retained earnings represents the profits earned by the Group till date, less any transfers to general reserve, appropriation, dividends or other distributions made to shareholders.
- (f) **Equity instruments through OCI:** The Group has elected to recognise changes in the fair value of certain investments in equity instruments in the other comprehensive income. These changes are accumulated within the equity instruments through OCI shown under the head other equity.
- (g) **Foreign currency translation reserve:** Represents the cumulative difference on translation of foreign operations.

**41. Employee benefits**
**Defined contribution plans**

The Group makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards Provident Fund, which is a defined contribution plan. The Group has no obligations other than to make the specified contributions. The contributions are charged to the consolidated Statement of Profit and Loss as they accrue. The amount recognised as an expense towards contribution to Provident and Pension Fund for the year aggregated to ₹ 77.38 millions. (31 March 2024: ₹ 60.42 millions)

**Defined benefit plans**

The Group operates one post-employment defined benefit plans (i.e., gratuity). The gratuity plan entitles an employee, who has rendered at least five years of continuous service, to receive 15 days basic salary for each year of completed service at the time of retirement/exit. Gratuity scheme is funded by the plan assets.

**Inherent risk**

The plan is defined benefit in nature which is sponsored by the Group and hence it underwrites all the risk pertaining to the plan. In particular, this exposes the Group, to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to longevity risk.

(f) Mortality rate	IALM 2012-2014 Ultimate	IALM 2012-2014 Ultimate

**Note:**

- (a) The estimates of future salary increases considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.
- (b) Discount rate is based on the prevailing market yield of the Indian Government securities as at the year end for the estimated term of the obligation.

**(IX) Sensitivity analysis**

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligations by the amounts shown below:

	31 March 2025		31 March 2024	
	Increase	Decrease	Increase	Decrease
(a) Discount rate (0.50% movement)	(7.48)	8.44	(7.44)	8.52
(b) Future salary growth (0.50% movement)	7.97	(7.23)	8.10	(7.24)
(c) Attrition rate (0.50% movement)	(10.10)	20.94	(7.62)	14.47
(d) Mortality rate (10% movement)	(0.03)	0.03	(0.03)	0.03

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions as shown.

- (X) The Company is likely to contribute ₹ 50.16 millions to its gratuity plan for the next year, as determined by an actuarial valuation carried out by an independent third party.

### 45. Operating segments

#### A. Basis for segmentation

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Group's Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance.

The Group is engaged in the business of manufacture and sale of jewellery and other articles of various designs/specification based on customer's requirements. The Group's manufacturing facilities are located in India and products sold in the domestic and overseas market are manufactured in these facilities. Based on the dominant source and nature of risk and returns of the Group, its internal organisation and management structure and its system of internal financial reporting, business segment has been identified as the primary segment. The Group has only one business segment, viz., sale of jewellery and other articles.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

### B. Measurement of fair values

#### Valuation techniques and significant unobservable inputs

- (a) The fair value of cash and cash equivalents, Bank balances other than cash and cash equivalents, trade receivables, trade payables and other financial assets and liabilities approximate their carrying amount largely due to the short-term nature of these instruments.
- (b) Investments in equity instruments are classified as FVOCI. The carrying cost of unquoted equity instrument has been considered as an appropriate estimate of fair value in the current year. There are no such significant unobservable inputs used for the valuation technique.
- (c) In case of derivatives, the fair value is determined using quoted forward exchange rates at the reporting dates in the respective commodities and currencies. There are no such significant unobservable inputs used for the valuation technique.

### C. Level 3 fair values - Movement in the values of unquoted equity instruments

The following table shows a reconciliation from the opening balance to the closing balance for Level 3 fair values.

Particulars	As at 31 March 2025	As at 31 March 2024
Balance as at the beginning of the year	1.45	1.27
<b>Fair value gain through Other Comprehensive Income:</b>		
- Net change in fair value (unrealised)	0.24	0.18
Balance as at the end of the year	<b>1.69</b>	<b>1.45</b>

### D. Risk management

The Group's principal financial liabilities includes borrowings, trade payable and other financial liabilities. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include trade receivables, cash and cash equivalents, bank balances other than cash and cash equivalents and other financial assets that derive directly from its operations.

The Group's activities expose it to gold price volatility, credit risk, liquidity risk and market risk. The Group's primary risk management focus is to minimise potential adverse effects of market risk on its financial performance. The Group exposure to credit risk is influenced mainly by the individual characteristic of each customer. The Group's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Group's activities.

#### (i) Gold price volatility

The Company manages gold price volatility by aligning purchase and sale prices and hedging inventory through unfixed gold metal loans and multi commodity exchange derivatives. This offsets inventory losses with derivative gains during price drops, and vice versa during price rise.

#### (ii) Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Group finance team is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Group liquidity position through rolling forecasts on the basis of expected cash flows.

The Group approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group reputation.

### **(iii) Market risk**

Market risk is the risk that changes in market prices - such as foreign exchange rates and interest rates - will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

#### **(a) Currency risk**

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the United States of America Dollar ('USD') and British Pound Sterling ('Pound'). Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Company's functional currency.

Exposure to currency risk	Currency	31 March 2025	31 March 2024
Trade receivables (unhedged)	USD (in millions)	7.77	4.83
	INR	665.23	403.09
Trade payables (unhedged)	USD (in millions)	-	0.01

	INR	-	1.56

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

**Sensitivity analysis**

A reasonably possible strengthening/weakening of the Indian Rupee against US dollars as at the reporting period would have affected the measurement of financial instruments denominated in US dollars and affects profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Particulars	31 March 2025		31 March 2024	
	Profit or (loss)	Equity (net of tax)	Profit or (loss)	Equity (net of tax)
INR/USD strengthening [5% movement]	33.26	24.89	20.08	15.02
INR/USD weakening [5% movement]	(33.26)	(24.89)	(20.08)	(15.02)

**(b) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group exposure to the risk of changes in market interest rates relates primarily to the Group long term and short term borrowing with floating interest rates. The Group constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

The interest rate profile of the Group's interest bearing financial instruments at the end of the reporting period are as follows:

Particulars	31 March 2025	31 March 2024
<b>Fixed rate instruments</b>		
Financial assets	4,930.18	4,147.75
Financial liabilities	15.26	14.26
	<b>4,945.44</b>	<b>4,162.01</b>
<b>Variable rate instruments</b>		
Financial liabilities	5,894.64	5,895.64
	<b>5,894.64</b>	<b>5,895.64</b>

**Sensitivity analysis**

Fixed rate instruments that are carried at amortised cost are not subject to interest rate risk for the purpose of sensitivity analysis.

A reasonably possible change of 100 basis points in variable rate instruments at the reporting dates would have increased or decreased profit or loss by the amounts shown below:

Particulars	Profit or Loss	Equity (net of tax)	Profit or Equity (net of tax)	
			As at 31 March 2025	As at 31 March 2024
Variable rate instruments - increase by 100 basis points(1%)	58.95	44.11	58.96	44.12
Variable rate instruments - decrease by 100 basis points (1%)	(58.95)	(44.11)	(58.96)	(44.12)

The sensitivity analysis above has been determined for borrowings assuming the amount of borrowings outstanding at the end of the reporting period was outstanding for the whole year.

### **(iv) Credit risk**

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and loans given. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to customers, including outstanding accounts receivables. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Group assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

In respect of trade and other receivables, the Group is not exposed to any significant credit risk exposure to any single counterparty or any Group of counterparties having similar characteristics. Trade receivables consist of a large number of customers. The Group has very limited history of customer default, and considers the credit quality of trade receivables that are not past due or impaired to be good.

The credit risk for cash and cash equivalents, bank deposits, loans and financial instruments is considered negligible, since the counterparties are reputable organisations with high quality external credit ratings.

The following tables provide information about the exposure to credit risk for trade receivables:

	less than 60 days	from 61 to 90 days	from 91 to 180 days	from 180 to 365 days	more than 365 days	Total
<b>As at 31 March 2025</b>	299.22	202.54	259.58	48.95	25.68	<b>835.97</b>
<b>As at 31 March 2024</b>	464.62	30.22	33.80	0.04	25.57	<b>554.25</b>

### **E. Hedging activity and derivatives**

#### **Fair value hedge of gold price risk in inventory**

The Group is exposed to fluctuations in gold price (including fluctuations in foreign currency) arising on purchase/sale of gold and inventory of gold lying with the Group. To manage the variability in cash flows, the Group enters into derivative financial instruments to manage the risk associated with gold price fluctuations relating to the highly probable forecasted transactions. Such derivative financial instruments are primarily in the nature of future commodity contracts. The risk management strategy against gold price fluctuation also includes procuring gold on loan basis, with a flexibility to fix price of gold at anytime during the tenor of the loan. The Group designates certain derivatives as hedging instruments in respect of commodity price risk in cash flow hedges and fair value hedges. As the value of the derivative instrument generally changes in response to the value of the hedged item, the economic relationship is established.

Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments, to ensure that an economic relationship exists between the hedged item and the hedging instrument. The Group enters into hedge relationships where the critical terms of the hedging instrument match exactly with the terms of the hedged item, and so a qualitative assessment of effectiveness is performed. If changes in circumstances affect the terms of the hedged item such that the critical terms no longer match exactly with the critical terms of the hedging instrument, the Group uses the hypothetical derivative method to assess effectiveness. The Group assesses the effectiveness of its designated hedges by using the same hedge ratio as that resulting from the quantities of the hedged item and the hedging instrument that the Group actually uses.

#### **Disclosures of effects of hedge accounting on Balance Sheet:**

Commodity price risk	Carrying amount of hedge item		Carrying amount of hedging instrument		Maturity date	Balance sheet classification	Impact of change in fair value relating to the hedged risk (spot)

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2025

(Amount in ₹ millions, except otherwise stated)

The Holding Company regularly avails gold (metal) loans under the Gold (metal) Loans Scheme announced by the Reserve Bank of India, as per which physical delivery of gold inventory is received by the Holding Company that is recorded as inventory with the corresponding loan balance disclosed under 'Borrowings' until the previous year-end. Given the materiality of the outstanding balances, and considering the specific purpose and terms of the financing/sourcing arrangement, including but not limited to, the short term tenure of the loans that is comparable to the credit period normally available in the industry with respect to purchase of gold metal inventory, the management has reclassified and presented the amount of outstanding gold metal loans as a separate line item in the balance sheet as at year-end, to achieve better presentation of the financial position of the Holding Company in line with noted industry practices for similar transactions and balances. There is no impact on the Statement of Profit and loss due to this adjustment.

### 55. Audit trail:

The Ministry of Corporate Affairs (MCA) has prescribed a requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 inserted by the Companies (Accounts) Amendment Rules, 2021 requiring companies, which uses accounting software for maintaining its books of account, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of account along with the date when such changes were made and ensuring that the audit trail cannot be disabled. The Group has used accounting software for maintaining its books of account which has a feature of audit trail (edit log) facility and the same was enabled at the application level. During the year ended 31 March 2025, the Group has not enabled the feature of recording audit trail (edit log) at the database level for the said accounting software to log any direct data changes. Furthermore, the audit trail has been preserved by the Company as per the statutory requirements for record retention, where such feature is enabled.

2. A Member entitled to attend and vote at the AGM is entitled to appoint one or more proxies to attend and vote instead of himself/ herself. Such proxy need not be a Member of the Company. The Instrument of Proxy, in order to be effective, must be lodged with the Company not less than 48 hours before the Meeting. A person can act as a Proxy on behalf of Members not exceeding 50 (fifty) and holding in aggregate shares not more than 10 (Ten) per cent of the total Share Capital of the Company. Proxies submitted on behalf of Companies/ Association of Persons (AoP) must be supported by an appropriate Resolution/ Authority, as applicable.
3. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of Listing Regulations (as amended) the Company is providing facility of remote e-voting to its shareholders in respect of the business to be transacted at the AGM. For this purpose, the Company has appointed Central Depository Services (India) Limited (**CDSL**) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system will be provided by CDSL.
4. The physical attendance of Members at the AGM in person will be counted for the purpose of reckoning the quorum under Section 103 of the Act.
5. Corporate Members intending to appoint their authorized representatives pursuant to Section 112 and 113 of the Act, as the case may be, to vote through remote e-Voting are required to send a scanned copy of a certified copy of the Board Resolution/ Power of Attorney/ Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote by e-mail to the Scrutinizer at [aklabhcs@gmail.com](mailto:aklabhcs@gmail.com) with a copy marked to helpdesk.

evoting@cdslindia.com. Alternatively, they can also upload their Board Resolution / Power of Attorney/ Authority Letter etc. by clicking on “Upload Board Resolution/ Power of Attorney/ Authority Letter” displayed under “e-Voting” tab in their login.

6. In case of Joint holders, a member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote for the purposes of the AGM.
7. The Annual Report for the Financial Year 2024-25 along with Notice of the AGM, Attendance Slip and Proxy Form are being sent through electronic mode to those Members whose email addresses are registered with the RTA/Depository Participant(s). For members who have not registered their email addresses, a letter providing the web-link, including the exact path, where complete details of the Annual Report of the Company is available is being sent. The physical copy of the Notice along with Annual Report shall also be made available to the Member(s) who may request for the same in writing to the Company.
8. Members may note that the Notice and Annual Report for the financial year ended 31<sup>st</sup> March, 2025 is available on Company's website [www.sencogoldanddiamonds.com](http://www.sencogoldanddiamonds.com) & [www.sencogold.com](http://www.sencogold.com), websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com) respectively and the AGM Notice is also available on the website of CDSL (agency for providing the remote e-Voting facility) at [www.evotingindia.com](http://www.evotingindia.com).
9. The Board of Directors at its meeting held on May 29, 2025 has recommended a final dividend of Re. 1/- per equity share of Rs 5/- each (20%) for the financial year ended 31<sup>st</sup> March, 2025 subject to approval of the shareholders at the ensuing 31<sup>st</sup> AGM. The Dividend, if declared, will be paid, subject to deduction of tax at source, within 30 days from the date of the shareholders' approval to those persons whose names appear as beneficial owners in the statement(s) furnished by the Depositories as on the record date. The record date for determining the eligibility of the equity shareholders to the final dividend for the

financial year ended 31<sup>st</sup> March, 2025, is fixed on **Wednesday, 20<sup>th</sup> August, 2025**. SEBI has made it mandatory for all companies to use the bank account details furnished by the Depositories for payment of dividend through Electronic Clearing Service (ECS) to investors wherever ECS and bank details are available. In the absence of ECS facilities, the Company will print the bank account details, if available, on the payment instrument for distribution of dividends. The Company will not entertain any direct request from Members holding shares in electronic mode for deletion of/ change in such bank account details.

10. The cut-off date for the purpose of determining the members eligible for participation in remote e-voting and voting during the AGM is **Wednesday, 20<sup>th</sup> August, 2025**. Please note that a person whose name is recorded in the Register of Beneficial Owners maintained by the depositories as on cut-off date, shall be entitled to avail the facility of remote e-voting. If members opt for remote e-voting, then they should not vote at the Meeting. However, once an e-vote on a resolution is cast by a member, such member is not permitted to change it subsequently or cast the vote again. Members who have cast their vote by remote e-voting prior to the date of the Meeting can attend the Meeting and participate in the Meeting but shall not be entitled to cast their vote again.

## GENERAL INFORMATION TO SHAREHOLDERS

11. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts or arrangements in which the directors are interested under Section 189 of the Companies Act, 2013 and the Certificate from the Secretarial Auditor in respect of the Company's Employees Stock Option Scheme will be available for inspection during the AGM.
12. **Tax Deductible at Source:** Pursuant to the Income Tax Act, 1961, dividend income will be taxable in the hands of shareholders, and the Company is required to deduct tax at source from dividend paid to shareholders at the prescribed rates. For the prescribed rates for various categories, the shareholders are requested to refer

to the Income Tax Act, 1961 and amendments thereof. The shareholders are requested to update their PAN with the depositories. The Company shall send separate e-mail communication to the shareholders for more details on submission of exemption documents/declaration.

**13. Unclaimed Dividend:** Members are hereby informed that pursuant to Section 124(6) of the Companies Act, 2013 read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 and all other applicable provisions, circulars and amendments thereto, the equity shares of the Company in respect of which dividends remained unclaimed or unpaid for seven consecutive years or more from the date of transfer of unclaimed or unpaid dividend to unpaid dividend account, are required to be transferred by the Company to the Investor Education and Protection Fund ("IEPF") as established by the Central Government in terms of Section 125(1) of the Act.

Pursuant to the provisions of Section 124 of the Act read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 and the relevant circulars and amendments thereto ('IEPF Rules') the amount of dividend remaining unpaid or unclaimed for a period of seven years from the date of transfer to the unpaid dividend account, is required to be transferred to the IEPF, constituted by the Central Government.

Members who have not claimed their dividends are requested to claim the same at the earliest to avoid its transfer to the IEPF. Members can claim the dividend by sending a request letter along with self-attested copy of client master list, showing their name, address, PAN, demat bank account details registered against the demat account, to the Registrar and Share Transfer Agent i.e., M/s. Kfin Technologies Limited.

**14.** Members are requested to intimate changes, if any, pertaining to their name, postal address, e-mail ID, telephone/mobile no., PAN, mandates, choice of nominations, power of attorney, bank details viz., name of the bank and branch details, bank account, MICR code, IFSC code, etc. to their Depository Participants (DP), in case the

shares are held in electronic mode and to M/s. Kfin Technologies Limited, the Registrar and Share Transfer Agent, at <https://ris.kfintech.com/clientservices/isc/isrforms.aspx>, in case the shares are held in physical form, quoting their folio number.

**15.** As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a Member desires to cancel the earlier nomination and record a fresh nomination, he may submit the same in Form SH-14. Members are requested to submit the said form to their DP in case the shares are held in electronic form and to the RTA in case the shares are held in physical form, quoting their folio number.

**16.** Members may please note that SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD\_RTAMB/P/CIR/2022/8 dated January 25, 2022 has mandated the Listed Companies to issue securities in dematerialized form only while processing service requests viz. issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/ folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting a duly filled and signed Form ISR – 4, the format of which is available on the website of the Company's RTA, at <https://ris.kfintech.com/clientservices/isc/isrforms.aspx>. It may be noted that any service request can be processed only after the folio is KYC Compliant.

**17.** The Securities and Exchange Board of India vide its Circular No. SEBI/HO/MIRSD/MIRSD-PoD/P/CIR/2025/97 dated July 2, 2025 ("Circular") has facilitated mechanism for a "Special Window for Re-lodgement of Transfer Requests of Physical Shares" and accordingly all physical share transfer deeds lodged for transfer with the Company or its Registrar and Transfer Agent (RTA) prior to discontinuation of physical mode of transfer, i.e., April 01, 2019 and rejected/returned by the

Company/RTA due to deficiency in the documents and was required to be re-lodged with requisite documents on or before the cut-off date fixed for re-lodgement of such transfer deeds, i.e., March 31, 2021; have been provided with an opportunity to re-lodge the same with the Company/RTA during a special window period of six months from July 07, 2025 till January 06, 2026. During this period, the securities that are re-lodged for transfer (including those requests that are pending with the listed company / RTA, as on date) shall be issued only in demat mode. However, due process shall be followed for such transfer-cum-demat requests. For further details you may contact the Company Secretary of the Company or the Registrar and Transfer Agent of the Company. A copy of the Circular is also available on the website of the Company at [www.sencogoldanddiamonds.com](http://www.sencogoldanddiamonds.com) and [www.sencogold.com](http://www.sencogold.com).

**18.** Shareholders are informed that in terms of the provisions of the Listing Regulations, the Company is required to intimate the Stock Exchanges the details of the agreements entered into by the shareholders, promoters, promoter group entities, related parties, directors, key managerial personnel and employees of the Company or of its holding, subsidiary or associate company, among themselves or with the Company or with a third party, solely or jointly, which, either directly or indirectly or potentially or whose purpose and effect is to, impact the management or control of the Company or impose any restriction or create any liability upon the Company, including disclosure of any rescission, amendment or alteration of such agreements thereto, whether or not the Company is a party to such agreements. Accordingly, it is hereby advised to the shareholders to inform the Company about any such agreement to which the Company is not a party, within two working days of entering into such agreements or signing an agreement to enter into such agreements. The Company will inform the details of such agreements to the Stock Exchanges on it becoming aware of it within the prescribed timelines.

[Explanation: For the purpose of this clause, the term 'directly or indirectly' includes agreements creating an obligation on the parties to such agreements to ensure that the listed entity shall or shall not act in a particular manner.]

- 19.** Members who hold shares in physical form in multiple folios in identical names or joint names in the same order of names are requested to send the share certificates to the Company's RTA for consolidation into a single folio.
- 20.** Non-resident Indian Members are requested to inform the Company's RTA, M/s Kfin Technologies Limited, immediately of:
  - (a)** Change in their residential status on return to India for permanent settlement.
  - (b)** Particulars of their bank account maintained in India with complete name, branch, account type, account number and address of the bank with pin code number, if not furnished earlier.
- 21.** To prevent fraudulent transactions, Members are advised to exercise due diligence and notify their Depository Participants (DPs) of any change in address or demise of any Member as soon as possible. Members are also advised not to leave their Demat account(s) dormant for long. Periodic statements of holdings should be obtained from the concerned DPs and holdings should be verified from time to time.
- 22.** Members who would like to express their views/ask questions as a speaker at the Meeting may pre-register themselves by sending a request from their registered e-mail address mentioning their name, DP ID and Client ID and mobile number along with the queries at [corporate@sencogold.co.in](mailto:corporate@sencogold.co.in) on or before **Monday, 25<sup>th</sup> August, 2025** (5:00 p.m. IST). Only those Members who have pre- registered themselves as a speaker will be allowed to express their views/ask questions during the AGM. The Company reserves the right to restrict the number of questions and number of speakers depending on the availability of time for the AGM.
- 23.** The Board of Directors of the Company has appointed Mr. Atul Kumar Labh, Practicing Company Secretary (Membership No. 4848, CP No.3238) of M/s A. K. Labh & Co., Company Secretaries as the Scrutinizer for conducting the remote e-voting process, fairly and transparently.
- 24.** The facility for voting through ballot paper shall also be made available at the meeting and Members attending the meeting who have not already cast their vote by remote e-voting shall be able to exercise their right at the Meeting.

**25.** The Scrutinizer shall after the conclusion of voting at the AGM, first count the votes cast at the Meeting and thereafter unblock the votes cast through remote e-Voting in the presence of at least two witnesses not in the employment of the Company and shall make, not later than two working days of the conclusion of the AGM, a consolidated Scrutinizer's Report of the total votes cast in favor or against, if any, to the Chairperson of the Meeting or a person authorized by him/ her in writing, who shall countersign the same and declare the results of the voting forthwith.

**26.** The results declared along with the consolidated Scrutinizer's Report shall be placed on the Company's website [www.sencogoldanddiamonds.com](http://www.sencogoldanddiamonds.com) and [www.sencogold.com](http://www.sencogold.com) and on the notice board of the Company at its registered and corporate office and on the website of CDSL [www.evotingindia.com](http://www.evotingindia.com) immediately after the results are declared and simultaneously communicated to the Stock Exchanges where the Company's shares are listed. Subject to receipt of requisite number of votes, the resolutions set out in the Notice shall be deemed to be passed on the date of the AGM i.e., **Wednesday, 27<sup>th</sup> August, 2025.**

**27.** The Landmark and Route Map of the venue of the AGM are given along with the Attendance Slip cum Proxy Form annexed with the Annual Report 2024-25.

**28.** To support the 'Green Initiative', the Members who have not registered their e-mail addresses are requested to register the same with the Company's RTA/ Depositories for receiving all communications including Annual Reports, Notices, Circulars etc. from the Company electronically

**29. Instructions for Members for Remote e-Voting (before the AGM) are as under:**

(i) The remote e-voting period begins on Sunday, 24<sup>th</sup> August, 2025 at 09:00 a.m. and ends on Tuesday, 26<sup>th</sup> August, 2025 at 05:00 p.m. The remote e-voting module shall be disabled by CDSL for voting thereafter. The Members, whose names appear in the Register of Members/Beneficial Owners as on the cut-off date i.e. Wednesday 20<sup>th</sup> August, 2025, may cast their vote electronically. The voting right of shareholders shall be in proportion to their share in the paid-up equity share capital of the Company as on the cut-off date.

(ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

(iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants.** Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**Step 1:** Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

## EXPLANATORY STATEMENT

### ITEM NO. 4

Pursuant to the provisions of Section 204 of the Companies Act, 2013 ('the Act'), and relevant rules thereunder, every listed company is required to annex with its Board's Report, a secretarial audit report, given by a Company Secretary in practice. Further, pursuant to Regulation 24A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI LODR'), every listed entity shall undertake a Secretarial Audit by a Secretarial Auditor who shall be a Peer Reviewed Company Secretary and shall annex a Secretarial Audit Report, with the annual report of the listed entity.

The said Regulation 24A was amended by Securities and Exchange Board of India ("SEBI") vide SEBI (Listing Obligations and Disclosure Requirements) (Third Amendment) Regulations, 2024 dated December 12, 2024. As per the amendment to Regulation 24A of the SEBI Listing Regulations, which came into effect from 01<sup>st</sup> April, 2025, the appointment of Secretarial Auditor shall be approved by the Members at the AGM of the Company and the tenure of the Secretarial Auditor in case of an individual Company Secretary in Practice, should be for a maximum of one (1) term of five (5) consecutive years or in case of a Firm of Company Secretaries in Practice, for a maximum of two (2) terms of five (5) consecutive years. However, any association of the individual or the firm as the Secretarial Auditor of the listed entity before 31<sup>st</sup> March, 2025 shall not be considered for the purpose of calculating the tenure under Regulation 24A of the SEBI Listing Regulations.

Accordingly, based on the recommendation of the Audit Committee, the Board of Directors at its meeting held on 25<sup>th</sup> July, 2025, has approved the appointment of M/s LABH & LABH Associates, Company Secretaries (FRN: P2025WB105500) as the Secretarial Auditor of the Company for a period of five (5) consecutive years, commencing from the financial year 2025-26 till financial year 2029-30, subject to approval of the Members at the ensuing 31<sup>st</sup> Annual General Meeting.

While recommending the appointment of M/s. LABH & LABH Associates, Company Secretaries the Audit Committee as well as the Board evaluated various factors like independence, industry experience, industry standing,

the clientele it serves, technical expertise etc. M/s. LABH & LABH Associates was found to be well-equipped to manage the Secretarial Audit of the Company.

M/s. LABH & LABH Associates is a peer reviewed, and well-established partnership firm of Company Secretaries led by CS Mr. Atul Kumar Labh, Practicing Company Secretary as a Senior Partner of the firm who is a member of the Institute of Company Secretaries of India since 1996 and is having more than 29 years of extensive experience in company law, SEBI matters, capital markets, corporate restructuring, business planning and other gamut of corporate affairs. The Secretarial Audit for the financial year 2024-2025 was done by Mr. Atul Kumar Labh only as a proprietor of A. K. LABH & Co., Company Secretaries.

The Company has received written consent from M/s LABH & LABH Associates, to the said appointment and a certificate confirming that the proposed appointment, if made, would be within the limits specified by the Institute of Companies Secretaries of India and the firm is not disqualified to be appointed as Secretarial Auditor in term of provisions of the Companies Act, 2013, the Companies Secretaries Act, 1980 and Rules and Regulations made thereunder and the SEBI Listing Regulations read with SEBI Circular dated December 31, 2024.

The remuneration proposed to be paid to M/s LABH & LABH Associates for the Secretarial Audit for the financial year 2025-26 is Rs. 3,00,000 (Three Lakhs only) excluding GST plus out of pocket expenses at actuals. The proposed fee is based on knowledge, expertise, industry experience, time and efforts required to be put in by the Secretarial auditor, which is in line with the industry benchmark. The remuneration for the remaining tenure shall be fixed by the Management in consultation with M/s. LABH & LABH Associates from time to time. Additional fees for statutory certifications and other professional services will be determined separately by the management, in consultation with the Secretarial Auditor. The Secretarial Audit for the financial year 2024-2025 was done by Mr. Atul Kumar Labh only as a proprietor of A. K. LABH & Co., Company Secretaries and hence there is no change in the auditor as such.

None of the Directors, Key Managerial Personnel or their relatives are, in any way, concerned or interested, financially or otherwise, in the said Resolution.

The Board recommends the Ordinary Resolution set out at Item No. 4 of the accompanying Notice for approval by the Members.

#### **ITEM NO. 5:**

As per the provisions of Section 20 of the Companies Act, 2013 a document may be served on any member by sending it to him by Post or by Registered post or by Speed post or by Courier or by delivering at his office or address or by such electronic or other mode as may be prescribed. It further provides that a member can request for delivery of any document to him through

a particular mode for which he shall pay such fees as may be determined by the company in its Annual General Meeting. Therefore, to enable the members to avail this facility, it is necessary for the Company to determine the fees to be charged for delivery of a document in a particular mode, as mentioned in the resolution. The Board has proposed charging actual estimated expenses for this purpose.

Accordingly, the Board of Directors recommends the resolution set out in Item No. 5 for your approval by an Ordinary Resolution.

None of the Directors and Key Managerial Personnel (including relatives of Directors or Key Managerial Personnel) of the Company are concerned or interested, financially or otherwise, in this resolution.
